Watching the Baby Learn to Crawl

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog watches the baby learn to crawl on the living room mat: tummy time, rocking on hands and knees, the first crawl toward him, a happy tail thump and a calm watch as she goes for a ball.

TIMELINE

0-5s	Tummy time
5-10s	Rocking forward
10-15s	Crawling to him
15-20s	Tail thumps
20-25s	Calm watch

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Tummy time): Living room, late morning daylight from a big window, a colorful foam play mat on a beige carpet. The baby lies on her tummy on the mat lifting her head, the owner kneels right beside her. The dog lies calmly at the edge of the mat a short distance away, chin on his paws, watching. Sound: baby babbling, owner cooing, a soft dog sigh. 5-10s (Rocking forward): Same living room and play mat, morning daylight. The baby is up on her hands and knees, rocking back and forth, the owner's hands hovering beside her. The dog, lying a little way off, tilts his head to one side and then the other, ears up, watching every rock. Sound: baby grunting happily, owner says "you can do it". 10-15s (Crawling to him): Same play mat, bright daylight. The baby crawls three wobbly moves toward the dog while the owner kneels right beside her. The dog stays lying down, perfectly calm, and gently sniffs the baby's small hand when it reaches his front paw, his tail sweeping the carpet slowly. Sound: baby squealing, owner gasping and laughing, tail swishing on carpet. 15-20s (Tail thumps): Same living room, midday daylight. Her partner, a man with glasses and short hair, sits on the floor holding the baby on his lap facing the dog. The baby claps her hands and the dog, lying on his side on the carpet, thumps his tail on the floor every time she squeals. Sound: baby squealing, steady tail thumps, partner laughing. 20-25s (Calm watch): Same play mat, early afternoon light. The baby crawls toward a soft blue fabric ball with the owner kneeling right behind her. The dog lies with his head up at the edge of the mat, watching her the whole way, then lowers his chin to his paws when she reaches the ball. Sound: baby babbling, soft rattle in the ball, quiet room.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Tummy time

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Living room, late morning daylight from a big window, a colorful foam play mat on a beige carpet. The baby lies on her tummy on the mat lifting her head, the owner kneels right beside her. The dog lies calmly at the edge of the mat a short distance away, chin on his paws, watching. Sound: baby babbling, owner cooing, a soft dog sigh.

Clip 2 | 5-10s | Rocking forward

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Same living room and play mat, morning daylight. The baby is up on her hands and knees, rocking back and forth, the owner's hands hovering beside her. The dog, lying a little way off, tilts his head to one side and then the other, ears up, watching every rock. Sound: baby grunting happily, owner says "you can do it".

Clip 3 | 10-15s | Crawling to him

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Same play mat, bright daylight. The baby crawls three wobbly moves toward the dog while the owner kneels right beside her. The dog stays lying down, perfectly calm, and gently sniffs the baby's small hand when it reaches his front paw, his tail sweeping the carpet slowly. Sound: baby squealing, owner gasping and laughing, tail swishing on carpet.

Clip 4 | 15-20s | Tail thumps

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Same living room, midday daylight. Her partner, a man with glasses and short hair, sits on the floor holding the baby on his lap facing the dog. The baby claps her hands and the dog, lying on his side on the carpet, thumps his tail on the floor every time she squeals. Sound: baby squealing, steady tail thumps, partner laughing.

Clip 5 | 20-25s | Calm watch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
