20-25s	Nap time

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Backyard stroll): Backyard on a mild sunny morning, short green grass, wooden fence and a small sandbox. A toddler about two in overalls walks unsteadily holding the hand of her dad, a man with glasses and short hair. The dog walks slowly beside them, keeping pace with her tiny steps, tail swinging. Sound: birds, toddler babbling, dad says "slow, buddy, slow". 5-10s (Snack time): Kitchen, midday daylight from the window, beige tile floor, a white high chair. The toddler sits in the high chair eating banana slices while the owner, a woman with dark wavy hair, stands beside her. The dog lies on the floor under the chair, chin on his paws, looking up hopefully but calmly. Sound: toddler giggling, spoon tapping the tray, owner laughs "he is not getting any". 10-15s (Story time): Living room, soft afternoon daylight, a blue rug and a pile of cushions. The toddler sits on the owner's lap holding a picture book with the pages facing away from the camera. The dog lies right beside them on the rug, head resting on the owner's knee, eyes slowly blinking. Sound: toddler babbling a story, pages flipping, a soft dog sigh. 15-20s (Chasing bubbles): Back patio on a sunny afternoon, potted plants and a plastic slide behind. The owner blows bubbles from a wand and the dog snaps gently at them, bubbles popping on his nose. The toddler stands safely next to her dad, who holds her hand, giggling and pointing. Sound: bubbles popping, jaws snapping, toddler belly-laughing. 20-25s (Nap time): Living room, late afternoon, soft daylight through half-drawn curtains, a grey couch. The toddler is asleep on the couch tucked against the owner, who sits beside her with a blanket over both. The dog lies on the rug below them, head resting on the edge of the couch near the toddler's socks. Sound: quiet breathing, clock ticking, a tiny snore.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
