MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Sniffing the gown): Front hallway, late morning daylight, coats on hooks. The owner, a woman with dark wavy shoulder-length hair, stands in a plain black graduation gown with no text or logos. The dog sniffs the long sleeve of the gown thoroughly from cuff to elbow, then sneezes and wags. Sound: fabric rustling, a sneeze, owner laughs "it is just a gown". 5-10s (Photo pose): Backyard on a sunny afternoon, green lawn, a wooden fence with climbing roses. Her partner films as the owner in a plain black cap and gown kneels on the grass beside the dog. He sits tall next to her, ears up, and she wraps an arm around his chest and leans her head on his. Sound: birds, partner says "okay, both look here". 10-15s (The tossed cap): Same backyard, bright afternoon sun. The owner tosses her plain black graduation cap a little way into the air and it lands softly on the grass. The dog trots over, sniffs it carefully, nudges it with his nose and looks back at her, tail wagging. Sound: cheering from family, laughter, sniffing. 15-20s (Family picnic): Same backyard, late afternoon, a long picnic table with a checkered cloth, a few family members sitting and chatting, paper plates, bottles of water. The dog lies under the table in the shade, getting a pat from a hand that reaches down, then a plain dog biscuit. Sound: chatter, laughter, cutlery, biscuit crunching. 20-25s (On the steps): Back porch steps at dusk, soft fading daylight and the porch light just turned on. The owner, still in her plain black gown with the cap off, sits on the steps and the dog sits beside her, leaning his weight against her shoulder. She rests her cheek on top of his head. Sound: crickets, distant chatter, owner whispers "we did it".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
