MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Bow tie on): Living room at home, bright morning daylight from a window, a dress bag hanging on a door in the background. The owner's hands fasten a simple black bow tie collar around the dog's neck while he sits still, then he shakes his head once and sits up straight again. Sound: tags jingling, owner laughs "so handsome". 5-10s (Exploring the garden): Small public garden on a mild sunny afternoon, rose bushes, a gravel path and a white wooden arbor. The dog in his black bow tie collar walks on a leash along the path, sniffing the roses and the edge of a low stone wall, tail wagging. Sound: birds, gravel crunching, bees humming. 10-15s (Posing together): Same garden in front of the white arbor, sunny afternoon, soft shade from a tree. The owner in a simple white dress, dark wavy hair pinned up, and her partner with glasses in a grey suit kneel on the grass. The dog sits between them in his bow tie and they both lean in close to him. Sound: camera shutter clicks, friend says "everybody look here". 15-20s (Walk down the path): Same garden gravel path between rose bushes, afternoon sun. The couple walks slowly away from the camera hand in hand, the partner in his grey suit holding the dog's leash. The dog walks between them, bow tie visible from behind, tail swinging, glancing up at the owner. Sound: gravel crunching, birds, friends cheering softly. 20-25s (Water break): Shaded corner of the same garden under a big tree, late afternoon. The dog lies on cool grass beside a steel water bowl, panting, his bow tie collar now slightly crooked. The owner's hand in a white sleeve straightens the bow tie and he licks her wrist. Sound: panting, water lapping, owner laughs "worth it".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
