# Recovering From His Surgery Together

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

## VIDEO IDEA

A gentle recovery at home after a routine surgery: coming home in a soft cone, floor sleepovers, a slow meal, a short slow yard walk and finally the cone coming off with a healed shaved patch.

## TIMELINE

| | |
|---|---|
| **0-5s** | Home in a cone |
| **5-10s** | Floor sleepover |
| **10-15s** | Slow breakfast |
| **15-20s** | Short yard walk |
| **20-25s** | Cone comes off |

## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Home in a cone): Front hallway at home, afternoon daylight, a doormat and shoes. The dog walks in slowly wearing a soft blue fabric recovery cone, a small shaved patch on his front leg covered with a neat white bandage. He heads straight for his bed in the living room and lies down carefully. Sound: slow footsteps, cone brushing the wall, owner says softly "home now". 5-10s (Floor sleepover): Living room at night, one lamp on low, a mattress topper and pillows on the floor beside his dog bed. The owner, a woman with dark wavy hair, lies on the floor under a blanket next to him. The dog in his soft cone rests his head against her arm and closes his eyes. Sound: quiet room, soft breathing, clock ticking. 10-15s (Slow breakfast): Kitchen, morning daylight, beige tile floor. The owner holds a raised steel bowl of soft food at the right height so the dog can eat easily with his soft fabric cone on. He eats slowly and steadily, tail giving small wags, the neat bandage on his leg visible. Sound: soft chewing, bowl clinking, owner says "good eating". 15-20s (Short yard walk): Backyard on a calm sunny morning, short grass, wooden fence, potted herbs. The dog walks slowly on a leash beside the owner's sneakers for a short loop around the yard, wearing his soft cone, sniffing the grass and stopping to rest in a patch of sun. Sound: birds, slow footsteps, sniffing. 20-25s (Cone comes off): Living room two weeks later, bright midday daylight. The owner's hands unfasten the soft cone and lift it away. The small shaved patch on his leg is healing neatly with fuzz growing back. The dog shakes his whole body, grabs a rope toy and wags hard. Sound: a big shake, tags jingling, owner cheers "all better!".

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

### Clip 1 | 0-5s | Home in a cone

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Front hallway at home, afternoon daylight, a doormat and shoes. The dog walks in slowly wearing a soft blue fabric recovery cone, a small shaved patch on his front leg covered with a neat white bandage. He heads straight for his bed in the living room and lies down carefully. Sound: slow footsteps, cone brushing the wall, owner says softly "home now".

### Clip 2 | 5-10s | Floor sleepover

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Living room at night, one lamp on low, a mattress topper and pillows on the floor beside his dog bed. The owner, a woman with dark wavy hair, lies on the floor under a blanket next to him. The dog in his soft cone rests his head against her arm and closes his eyes. Sound: quiet room, soft breathing, clock ticking.

### Clip 3 | 10-15s | Slow breakfast

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Kitchen, morning daylight, beige tile floor. The owner holds a raised steel bowl of soft food at the right height so the dog can eat easily with his soft fabric cone on. He eats slowly and steadily, tail giving small wags, the neat bandage on his leg visible. Sound: soft chewing, bowl clinking, owner says "good eating".

### Clip 4 | 15-20s | Short yard walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. #### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
