The Hospital Homecoming Welcome

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

After a short hospital stay the owner comes home and the dog gives her the gentlest welcome: waiting at the window, hearing the car, a soft greeting at the door, a couch reunion and staying close all evening.

TIMELINE

0-5s	Waiting at the window
5-10s	Hearing the car
10-15s	Gentle greeting
15-20s	Couch reunion
20-25s	Staying close

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Waiting at the window): Living room, late morning, bright overcast daylight through a big front window, a grey couch pushed under it. Filmed by her partner. The dog stands with his front paws on the back of the couch, staring out at the empty driveway, ears up, very still. Sound: quiet room, a car passing, partner says "soon, buddy". 5-10s (Hearing the car): Same living room by the front window, overcast daylight. A car door shuts outside. The dog's ears shoot up, his tail starts wagging hard, he jumps down from the couch and trots to the front door, whining softly and nose to the door crack. Sound: car door shutting outside, excited whining, claws on wood floor. 10-15s (Gentle greeting): Front hallway, overcast daylight through the open door. The owner, a woman with dark wavy hair, walks in normally carrying a small overnight bag. The dog greets her gently, no jumping, sniffing her hands and leaning his whole body softly against her legs, tail swinging low and fast. Sound: soft whines, owner laughing and saying "hi, I missed you too". 15-20s (Couch reunion): Living room, afternoon daylight, a grey couch with a throw. The owner sits on the couch and the dog sits on the floor and rests his head in her lap, eyes looking up at her. She bends down and presses her forehead to the top of his head. Sound: quiet room, a long dog sigh, owner sniffling happily. 20-25s (Staying close): Bedroom in the evening, ordinary bedside lamp light, the small overnight bag on a chair. The owner reads in bed under a quilt. The dog lies on a rug right next to the bed, and every time she moves he lifts his head to check, then lowers it again. Sound: pages turning, soft breathing, a quiet tail thump.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Waiting at the window

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. Living room, late morning, bright overcast daylight through a big front window, a grey couch pushed under it. Filmed by her partner. The dog stands with his front paws on the back of the couch, staring out at the empty driveway, ears up, very still. Sound: quiet room, a car passing, partner says "soon, buddy".

Clip 2 | 5-10s | Hearing the car

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

Three nights in the hospital and he waited at the window the whole time.
He was so gentle when I finally walked in.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
