MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Watching the pan): Small kitchen in the early morning, soft daylight from the window, beige tile floor. The owner's hand stirs a plain scrambled egg in a small pan on the stove with no seasoning. The dog stands nearby on the tiles, nose lifted, sniffing the air, tail wagging slowly. Sound: pan sizzling softly, spatula scraping, sniffing. 5-10s (Waiting politely): Same kitchen, morning daylight. The dog sits perfectly upright beside his steel bowl on the tile floor, front paws together, eyes fixed on the counter, a little drool on his lip. He licks his nose and shuffles his front feet without standing up. Sound: quiet kitchen, a small whine, owner says "almost ready, birthday boy". 10-15s (Birthday bowl): Same kitchen floor, morning light. The owner's hand sets down the steel bowl with a small mound of plain cooled scrambled egg and one dog biscuit on top. The dog waits for the nod, then digs in, eating the egg first and crunching the biscuit. Sound: owner says "okay", eager eating, crunching, bowl sliding. 15-20s (Licking it clean): Same kitchen, morning daylight. The dog pushes the empty steel bowl across the tiles with his tongue, licking every corner until it shines. The owner and her partner, a man with glasses, stand by the counter in pajamas singing, only their legs in frame. Sound: bowl scraping on tile, owner and partner singing happy birthday. 20-25s (Birthday sunbath): Living room, mid-morning, a bright square of sunlight on a beige carpet near the patio door. The dog flops down in the warm patch, rolls onto his side and stretches all four legs out, eyes closing, while the owner's hand rubs his chest. Sound: quiet room, birds outside, a long happy groan.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
