MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Cozy New Year's Eve): Living room on New Year's Eve, late night, ordinary lamp light, curtains closed. The owner sits on the floor on a big cushion with a blanket and the dog lies with his head in her lap. Muffled fireworks pop far away outside and he stays calm while she strokes his ear. Sound: muffled distant fireworks, quiet TV, soft breathing. 5-10s (Midnight promise): Same living room at midnight, lamp light, blanket over both of them. The owner, a woman with dark wavy hair, leans down and rests her forehead against the dog's head, whispering to him. He licks her chin once and settles his head back on her lap. Sound: muffled cheering outside, owner whispers "more walks, more adventures, I promise". 10-15s (Frosty morning walk): Quiet neighborhood street on New Year's Day morning, cold clear air, frost on the grass and parked cars, pale winter sun. The dog walks on a leash beside the owner's boots, his breath showing in small clouds, sniffing a frosty hedge. Sound: frosty grass crunching, a church bell far away, tags jingling. 15-20s (Warm breakfast): Kitchen, mid-morning winter daylight, beige tile floor, a steaming kettle on the stove. The owner's hand sets down his steel bowl of kibble mixed with a little warm water. The dog eats eagerly, ears flopping slightly with each bite, tail wagging the whole time. Sound: kettle whistling softly, crunching, bowl clinking. 20-25s (First hike of the year): Forest trail in the afternoon, cold bright winter light, bare trees and frosted leaves on the ground. The owner kneels at a trail viewpoint and the dog sits beside her looking out at the valley. She wraps an arm around him and he leans into her. Sound: wind in bare trees, a crow, owner says "first of many this year".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
