Ten Years of Walks

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Ten years of daily walks in five clips from different years and seasons, from a young dog pulling on the leash to a calm grey-faced senior strolling at a slower pace beside the owner.

TIMELINE

0-5s	Year one walk
5-10s	Year three walk
10-15s	Year six walk
15-20s	Year eight walk
20-25s	Year ten walk

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real male short-coat grey sable German Shepherd with a dark face mask, wearing a dark red leather collar, shown at a different age in each clip as the scene describes (younger adult to older, muzzle getting greyer). 0-5s (Year one walk): City sidewalk on a cold winter morning, grey overcast light, slushy snow along the curb, brick apartment buildings. Year one: the dog is 2 years old with a fully dark muzzle. He pulls eagerly on a black leash, nose to the ground, zigzagging, while the owner's arm is stretched out holding on. Sound: traffic, slush splashing, owner laughing "slow down!". 5-10s (Year three walk): Forest trail on a warm summer morning, dappled sunlight through green trees, dirt path with roots. Year three: the dog is 4 years old, muzzle still dark, strong and steady. He trots beside the owner on a loose leash, ears up, tail high, glancing up at her every few steps. Sound: birds, footsteps on dirt, leaves rustling. 10-15s (Year six walk): Suburban street on a breezy autumn afternoon, overcast daylight, piles of orange leaves along the curb. Year six: the dog is 7 years old with a little grey on his chin. He walks calmly beside the owner's sneakers, stopping to sniff a leaf pile, then catching up on his own. Sound: leaves crunching, wind, a dog barking far away. 15-20s (Year eight walk): Park path on a mild spring morning, soft overcast light, blossoming trees and fresh green grass. Year eight: the dog is 9 years old with a clearly grey muzzle. He walks at an easy pace on a loose leash, pausing often to sniff the grass, the owner's hand resting the leash loosely. Sound: birds, a bicycle bell, owner says "take your time". 20-25s (Year ten walk): Same quiet neighborhood sidewalk from year one, now a calm autumn evening, soft fading daylight and porch lights coming on. Year ten: the dog is 11 years old with a white-grey muzzle and face. He walks slowly and carefully beside the owner, a woman with dark wavy hair, who matches his pace, her hand resting on his back. Sound: slow footsteps, crickets, owner says softly "ten years of this, buddy".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Year one walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real male short-coat grey sable German Shepherd with a dark face mask, wearing a dark red leather collar, shown at a different age in each clip as the scene describes (younger adult to older, muzzle getting greyer). City sidewalk on a cold winter morning, grey overcast light, slushy snow along the curb, brick apartment buildings. Year one: the dog is 2 years old with a fully dark muzzle. He pulls eagerly on a black leash, nose to the ground, zigzagging, while the owner's arm is stretched out holding on. Sound: traffic, slush splashing, owner laughing "slow down!".

Clip 2 | 5-10s | Year three walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. Sound: slow footsteps, crickets, owner says softly "ten years of this, buddy".

FACEBOOK CAPTION

Ten years of walks, every season, every kind of weather.
The pace got slower but I would not change a single step.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
