MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Warm gentle bath): Small bathroom, daytime, ordinary ceiling light and white tiles, a walk-in shower with a non-slip rubber mat. The dog stands calmly while the owner's hand uses a handheld shower head on low to rinse lukewarm water over his back, wet grey fur darkening, his ears relaxed. Sound: gentle running water, dripping, owner says "nice and warm, good boy". 5-10s (Towel dry): Same bathroom, ordinary ceiling light, a bath mat on the tiles. The owner, a woman in her early 30s with dark wavy shoulder-length hair, wraps a big blue towel around the dog and rubs his back and neck. He leans into the towel with eyes half closed, then gives a little shake. Sound: towel rubbing, a full-body shake spraying droplets, owner laughing. 10-15s (Porch brushing): Back porch, sunny late morning, wooden boards and a potted plant. The dog lies on a folded old towel while the owner's hand runs a soft bristle brush along his damp grey back. Small tufts of loose fur drift off and the dog stretches his legs out in comfort. Sound: brush strokes, birds, a relaxed groan from the dog. 15-20s (Paw care): Same porch, sunny late morning light. The dog lies on his side on the towel. The owner's hand gently wipes one of his front paws with a warm damp washcloth, then rubs a little paw balm from a small tin into the pads. The dog watches calmly, tail moving slightly. Sound: soft cloth sounds, birds, owner says "spa treatment for the old man". 20-25s (Clean nap): Living room, early afternoon, bright daylight through a large window, beige carpet. The dog, clean and fluffy, lies stretched out on a soft blanket under the window, eyes closed, his grey coat slightly fuzzy from drying, and his paws twitch as he settles into a deep nap. Sound: soft snoring, distant birds outside, a clock ticking.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
