He Still Brings Me His Ball

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

He cannot run like he used to, but the ball still matters: the lap drop, a gentle carpet roll, a short backyard toss, the proud return and a rest with his ball.

TIMELINE

0-5s	Lap drop
5-10s	Carpet roll
10-15s	Short toss
15-20s	Proud return
20-25s	Rest with ball

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Lap drop): Living room, morning, daylight through sheer curtains, a beige sofa. The owner sits on the sofa with a mug. The dog walks up carrying a faded, fuzzy green tennis ball and drops it right onto her lap, then stares at it and then at the camera, tail wagging hopefully. Sound: ball thudding on her lap, tags jingling, owner laughing "again? okay". 5-10s (Carpet roll): Same living room, morning daylight, beige carpet. The owner's hand rolls the green ball gently across the carpet a few feet away. The dog turns and walks after it at an easy trot, lowers his grey muzzle and scoops it up with his mouth. Sound: ball rolling softly, paws on carpet, owner says "get it". 10-15s (Short toss): Backyard, sunny mid-morning, slightly overgrown grass, a wooden fence and a garden hose coiled by the wall. The owner's hand gives the ball a short underhand toss a few meters. The dog trots after it with stiff but happy steps, ears up, and picks it up from the grass. Sound: birds, ball bouncing on grass, owner cheering "yes, good boy". 15-20s (Proud return): Same backyard, sunny daylight, patchy grass. The dog walks back toward the camera with the green ball in his mouth, head held high, tail swaying, and drops it at the owner's sneakers. He looks up with his grey face and pants with his mouth open. Sound: happy panting, ball dropping, owner says "you still got it". 20-25s (Rest with ball): Backyard in the shade of a small tree, sunny late morning, cool green grass. The dog lies down on his belly with the green ball tucked between his front paws, chin resting on top of it, panting softly and watching the owner with sleepy eyes. Sound: soft panting, leaves rustling, birds, a contented sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Lap drop

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Living room, morning, daylight through sheer curtains, a beige sofa. The owner sits on the sofa with a mug. The dog walks up carrying a faded, fuzzy green tennis ball and drops it right onto her lap, then stares at it and then at the camera, tail wagging hopefully. Sound: ball thudding on her lap, tags jingling, owner laughing "again? okay".

Clip 2 | 5-10s | Carpet roll

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
