MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Party room): Living room, late afternoon, ordinary daylight and a lamp on, a few blue and white balloons taped to the wall and a plain paper garland with no writing. The dog walks in slowly wearing a soft blue bandana, sniffs a balloon string and wags his tail. Sound: balloons squeaking softly, family chatter, owner says "birthday boy is here". 5-10s (Dog-safe cake): Kitchen, late afternoon, ordinary ceiling light. Her partner, a man in his early 30s with glasses and short hair, sets a small homemade cake of pumpkin and oats with plain yogurt topping, with no candles, on a plate on the floor. The dog sits in front of it, nose twitching. Sound: family singing happy birthday softly, plate tapping the tiles, laughter. 10-15s (First bite): Same kitchen floor, beige tiles, ordinary light. The dog lowers his white-grey muzzle to the cake, sniffs, then takes a gentle bite and licks yogurt off his lips, tail swishing on the floor. The owner's hand rests on his back while he eats. Sound: soft licking, chewing, everyone cheering "yay". 15-20s (New soft toy): Living room rug, early evening, warm lamp light. The owner, a woman in her early 30s with dark wavy shoulder-length hair, holds out a new plush brown duck toy. The dog sniffs it, takes it gently in his mouth and gives it a soft squeak, tail wagging. Sound: toy squeaking, crinkly paper, owner laughing "happy birthday, old man". 20-25s (Birthday cuddles): Living room sofa, evening, warm lamp light, balloons in the background. The dog lies on his dog bed with the plush duck between his paws while the owner and her partner sit on the floor on either side, both stroking his grey back. His eyes slowly close. Sound: soft voices, a long happy sigh, owner says "12 looks good on you".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
