A Gentle Massage Before Bed

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Our nightly wind-down for his stiff old body: shoulder rubs, gentle hip circles, ear rubs, a paw hold and falling asleep as the lamp goes off.

TIMELINE

0-5s	Shoulder rubs
5-10s	Hip circles
10-15s	Ear rubs
15-20s	Paw hold
20-25s	Lights out

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Shoulder rubs): Bedroom at night, ordinary warm bedside lamp light, wooden floor, a grey memory foam dog bed beside the owner's bed. The dog lies on his side. The owner's hands rub his shoulders in gentle circles with flat palms and his eyes slowly close. Sound: quiet room, hands brushing fur, a long sigh from the dog. 5-10s (Hip circles): Same bedroom, warm lamp light. The owner, a woman in her early 30s with dark wavy shoulder-length hair in pajamas, kneels beside the dog bed and gently rubs small circles around his hips and back legs with her fingertips. The dog stretches his back legs out and relaxes. Sound: soft rubbing, a happy groan, owner whispering "there, that is better". 10-15s (Ear rubs): Close view, bedroom at night, warm lamp light on the grey dog bed. The owner's fingers rub the base of the dog's ears in small circles. He leans his white-grey head into her hand, mouth slightly open, eyes closed and relaxed. Sound: soft fur sounds, a deep contented breath. 15-20s (Paw hold): Same bedroom, warm bedside lamp light. The owner's hand gently holds one of the dog's front paws and her thumb rubs the top of it softly. The dog lets her hold it, his chin resting on the edge of the bed, breathing calmly. Sound: quiet room, steady breathing, owner whispers "love you, old man". 20-25s (Lights out): Bedroom at night, the warm bedside lamp still on, then switched off by the owner's hand, leaving dim blue moonlight from the window. The dog lies curled on his grey bed, already asleep, his side gently rising and falling under a soft fleece blanket. Sound: lamp switch clicking, soft snoring, owner whispers "goodnight".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Shoulder rubs

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Bedroom at night, ordinary warm bedside lamp light, wooden floor, a grey memory foam dog bed beside the owner's bed. The dog lies on his side. The owner's hands rub his shoulders in gentle circles with flat palms and his eyes slowly close. Sound: quiet room, hands brushing fur, a long sigh from the dog.

Clip 2 | 5-10s | Hip circles

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
