Helping Him Up the Stairs

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Stairs got hard, so we do them together: the support harness, the first steps, a rest halfway, a proud arrival at the top and his comfy bed upstairs.

TIMELINE

0-5s	Support harness on
5-10s	First steps
10-15s	Halfway rest
15-20s	Top of the stairs
20-25s	Bed upstairs

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Support harness on): Hallway at the bottom of carpeted stairs, evening, ordinary ceiling light, family photos on the wall. The dog stands calmly while the owner's hands fasten a padded red support harness with a sturdy handle on the back around his chest and belly. Sound: velcro and buckle sounds, tags jingling, owner says "ready, partner?". 5-10s (First steps): Same carpeted staircase, evening ceiling light. The owner, a woman in her early 30s with dark wavy shoulder-length hair, walks right beside the dog holding the handle of his red support harness. He places his front paws on the first step and climbs carefully, one step at a time. Sound: paws on carpet, owner saying "one, two, good boy". 10-15s (Halfway rest): Middle of the carpeted stairs, evening light from the upstairs hallway. The dog pauses, standing on two steps with all four paws steady, panting softly. The owner stands one step beside him, one hand on the harness handle, the other stroking his grey neck. Sound: soft panting, owner whispers "take a breather, no rush". 15-20s (Top of the stairs): Upstairs landing, evening, ordinary ceiling light, a runner rug on the wooden floor. The dog steps up the last stair onto the landing with the owner right beside him holding the harness handle. He shakes his head, tail wagging, and looks up at her. Sound: tags jingling, owner cheering softly "you did it". 20-25s (Bed upstairs): Bedroom upstairs, night, warm bedside lamp light, a grey memory foam dog bed beside the owner's bed. The owner's hands unclip the red support harness. The dog steps onto his bed, turns once and lies down with a happy sigh. Sound: buckle unclipping, a long sigh, owner says "made it, champ".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Support harness on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Hallway at the bottom of carpeted stairs, evening, ordinary ceiling light, family photos on the wall. The dog stands calmly while the owner's hands fasten a padded red support harness with a sturdy handle on the back around his chest and belly. Sound: velcro and buckle sounds, tags jingling, owner says "ready, partner?".

Clip 2 | 5-10s | First steps

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. Same carpeted staircase, evening ceiling light. The owner, a woman in her early 30s with dark wavy shoulder-length hair, walks right beside the dog holding the handle of his red support harness. He places his front paws on the first step and climbs carefully, one step at a time. Sound: paws on carpet, owner saying "one, two, good boy".

Clip 3 | 10-15s | Halfway rest

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Middle of the carpeted stairs, evening light from the upstairs hallway. The dog pauses, standing on two steps with all four paws steady, panting softly. The owner stands one step beside him, one hand on the harness handle, the other stroking his grey neck. Sound: soft panting, owner whispers "take a breather, no rush".

Clip 4 | 15-20s | Top of the stairs

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Upstairs landing, evening, ordinary ceiling light, a runner rug on the wooden floor. The dog steps up the last stair onto the landing with the owner right beside him holding the harness handle. He shakes his head, tail wagging, and looks up at her. Sound: tags jingling, owner cheering softly "you did it".

Clip 5 | 20-25s | Bed upstairs

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Bedroom upstairs, night, warm bedside lamp light, a grey memory foam dog bed beside the owner's bed. The owner's hands unclip the red support harness. The dog steps onto his bed, turns once and lies down with a happy sigh. Sound: buckle unclipping, a long sigh, owner says "made it, champ".

FACEBOOK CAPTION

Thirteen stairs, one at a time, together.
Anyone else use a support harness for their senior?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
