MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Morning cuddle): Bedroom, early morning, soft grey light through linen curtains, a rumpled white duvet. The dog lies on a dog bed pulled right up beside the owner's bed. The owner's arm hangs down over the edge and rests across his back while he sighs and stretches his paws. Sound: quiet morning, a stretch groan, owner whispers "good morning, handsome". 5-10s (Forehead kiss): Kitchen, morning window light, beige tile floor, a coffee mug on the counter. The owner, a woman in her early 30s with dark wavy shoulder-length hair, bends down and kisses the top of the dog's grey head. He closes his eyes and leans into her, tail wagging. Sound: coffee maker gurgling, a soft kiss, tail swishing. 10-15s (Drizzle walk): Quiet residential street, light drizzle, grey cloudy late morning, wet sidewalk and puddles. The dog wears a dark green dog raincoat and walks at an easy pace beside the owner's rain boots, sniffing a wet tuft of grass and shaking a few drops off his ears. Sound: light rain pattering, footsteps, owner says "short and sweet today". 15-20s (Porch watching): Covered front porch, cloudy afternoon, wooden boards and a wicker chair. The dog lies on an old blanket by the chair, watching a couple of kids ride bikes down the quiet street. The owner's hand reaches down from the chair and rests on his back. Sound: bike bells far away, children laughing, rain dripping from the gutter. 20-25s (Sofa blanket night): Living room at night, ordinary warm lamp light, a beige sofa and a knitted blanket. The dog lies stretched along the sofa beside the owner with the blanket draped over both of them, his white-grey head on her lap, eyes closing. Sound: quiet TV murmur off camera, soft snoring, owner whispers "another good day".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
