MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real male short-coat grey sable German Shepherd with a dark face mask, wearing a dark red leather collar, shown at a different age in each clip as the scene describes (younger adult to older, muzzle getting greyer). 0-5s (Puppy at 3 months): Living room, sunny morning daylight, a worn blue rug and a beige sofa. In this clip the dog is a 3-month-old grey sable puppy with floppy ears, fluffy fur and big paws, wearing a tiny dark red collar. He pounces on a knotted sock toy on the blue rug and tumbles over. Sound: tiny growls, puppy paws on the rug, owner laughing "look at those ears". 5-10s (Lanky at 1 year): Backyard, sunny afternoon, green grass and a wooden fence. In this clip the dog is 1 year old, lanky and leggy with big upright ears and a dark mask. He races in a wide circle around the yard with a red rubber toy in his mouth, legs flying. Sound: fast paws on grass, happy panting, owner calling "crazy teenager". 10-15s (Strong at 4 years): Same backyard, overcast afternoon daylight, wooden fence. In this clip the dog is 4 years old, muscular and full grown with a thick wolf-grey coat and a dark face. He trots back with a tennis ball, drops it at the owner's sneakers and stands proudly, tail high. Sound: ball dropping, steady panting, owner says "good boy, perfect". 15-20s (Greying at 8 years): Back porch, late afternoon light, wooden boards. In this clip the dog is 8 years old, still strong but with the first grey hairs around his muzzle and eyebrows. He lies on the porch beside the owner's legs, calmly watching the yard, tail wagging when she touches his head. Sound: birds, wind chimes, owner says "a few grey hairs, huh". 20-25s (Senior at 12 years): The same living room, sunny morning daylight, the same worn blue rug. In this clip the dog is 12 years old with a white-grey muzzle and face and slightly cloudy eyes. He lies on the blue rug and the owner's hand strokes his head as he thumps his tail. Sound: tail thumping on the rug, a soft sigh, owner whispers "still my baby".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
