Lessons He Taught Me

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Five things my old dog taught me, one per clip: patience, enjoying the little things, resting when you are tired, greeting people you love with joy and loving without limits.

TIMELINE

0-5s	Patience
5-10s	Little things
10-15s	Rest when tired
15-20s	Greet with joy
20-25s	Love without limits

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Patience): Kitchen, morning window light, beige tile floor. The dog sits calmly and still beside the counter while the owner's hands slowly measure his breakfast into a steel bowl, eyes on the bowl, tail softly sweeping the tiles, not moving until the bowl is set down. Sound: kibble rattling, tail sweeping, owner voice-over "he taught me patience". 5-10s (Little things): Neighborhood sidewalk, sunny spring morning, a front yard with yellow daffodils by a white picket fence. The dog stops on his loose leash and sniffs the daffodils for a long time, tail wagging, while the owner's sneakers stand still and wait. Sound: birds, a bee buzzing, sniffing, owner says "to enjoy the little things". 10-15s (Rest when tired): Living room, early afternoon, sunlight across a light wooden floor and a grey dog bed. The dog walks to his bed, turns once, flops down with a deep sigh and closes his eyes without a care in the world, his grey paws twitching. Sound: a deep sigh, soft snoring, owner says "to rest when I am tired". 15-20s (Greet with joy): Front hallway, late afternoon daylight from the open door. Her partner, a man in his early 30s with glasses and short hair, steps inside. The dog walks up as fast as his old legs allow, tail swinging wide, and presses his grey face into the partner's hands. Sound: door opening, happy whines, owner says "to greet the people I love like this". 20-25s (Love without limits): Living room sofa, evening, ordinary warm lamp light, a knitted blanket. The owner, a woman in her early 30s with dark wavy shoulder-length hair, sits on the floor and the dog leans his whole body against her side, white-grey head on her shoulder, eyes closed. Sound: a contented sigh, quiet room, owner whispers "and to love without limits".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Patience

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Kitchen, morning window light, beige tile floor. The dog sits calmly and still beside the counter while the owner's hands slowly measure his breakfast into a steel bowl, eyes on the bowl, tail softly sweeping the tiles, not moving until the bowl is set down. Sound: kibble rattling, tail sweeping, owner voice-over "he taught me patience".

Clip 2 | 5-10s | Little things

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
