He Will Always Be My Best Friend

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

My best friend for 12 years and counting: coffee on the back step, a lakeside stroll, keeping me company while I work, rainy window watching and our goodnight paw hold.

TIMELINE

0-5s	Back step coffee
5-10s	Lakeside stroll
10-15s	Work buddy
15-20s	Rainy window watching
20-25s	Goodnight paw hold

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. 0-5s (Back step coffee): Back step of the house, cool early morning, pale sunlight and dew on the grass. The owner sits on the step holding a steaming mug. The dog sits beside her, leaning his shoulder against her arm, both looking out at the quiet yard, his grey ears twitching. Sound: birds waking up, a sip of coffee, owner whispers "morning, best friend". 5-10s (Lakeside stroll): Gravel path along a calm lake, overcast mid-morning, reeds at the water's edge and a wooden bench. The dog walks at an easy pace beside the owner's legs on a loose leash, stopping to sniff the reeds, tail swaying. Ducks float far out on the water. Sound: gravel crunching, ducks quacking far away, wind on the water. 10-15s (Work buddy): Home office, afternoon, daylight from the window, a desk with a laptop whose screen faces away from the camera. The owner, a woman in her early 30s with dark wavy shoulder-length hair, types while the dog lies on a rug at her feet with his head on her slipper. Sound: keyboard tapping, soft snoring, owner says "best coworker ever". 15-20s (Rainy window watching): Living room bay window, rainy grey afternoon, raindrops on the glass, a cushioned window seat. The owner sits on the window seat and the dog sits on the floor beside her knees, both looking out at the wet garden. She rests her hand on his grey head. Sound: rain pattering on the glass, a soft sigh, a distant rumble of thunder far away. 20-25s (Goodnight paw hold): Bedroom at night, ordinary warm bedside lamp light, the grey dog bed beside the owner's bed. The owner's hand reaches down from the bed and the dog places his front paw on top of it, his white-grey chin resting on the mattress edge, eyes closing. Sound: quiet room, slow breathing, owner whispers "always my best friend".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Back step coffee

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Back step of the house, cool early morning, pale sunlight and dew on the grass. The owner sits on the step holding a steaming mug. The dog sits beside her, leaning his shoulder against her arm, both looking out at the quiet yard, his grey ears twitching. Sound: birds waking up, a sip of coffee, owner whispers "morning, best friend".

Clip 2 | 5-10s | Lakeside stroll

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 12-year-old male short-coat grey sable German Shepherd with a white-grey muzzle and face, grey around the eyes, slightly cloudy eyes, a little thinner and stiffer, moving slowly and carefully but happy, wearing a faded dark red leather collar with a small brass tag. Gravel path along a calm lake, overcast mid-morning, reeds at the water's edge and a wooden bench. The dog walks at an easy pace beside the owner's legs on a loose leash, stopping to sniff the reeds, tail swaying. Ducks float far out on the water. Sound: gravel crunching, ducks quacking far away, wind on the water.

Clip 3 | 10-15s | Work buddy

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
