MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male short-coat grey sable German Shepherd with a wolf-grey coat of black-tipped hairs, a darker back and dark face mask, lighter cream-grey legs and chest, upright ears, warm brown eyes, wearing a dark red leather collar with a small brass tag. 0-5s (Meadow run): Wide green meadow, sunny morning, wildflowers and a line of trees in the distance. The dog runs toward the camera at full speed through the tall grass, ears back, mouth open in a happy pant, then slows and bounces around the owner's legs, tail high. Sound: fast paws in grass, happy panting, owner laughing "there he is". 5-10s (His forever porch): Front porch of a small house, sunny late morning, a plain doormat, a potted plant and a wooden railing. The dog sits proudly on the doormat by the front door, looking around the front yard, then turns and wags his tail at the camera. Sound: birds, wind chimes, owner says "this is where it all started". 10-15s (Family picnic): Park lawn, sunny early afternoon, a checkered picnic blanket and a basket. The owner, a woman in her early 30s with dark wavy shoulder-length hair, and her partner, a man in his early 30s with glasses and short hair, sit on the blanket. The dog lies between them as both scratch his ears. Sound: birds, distant kids playing, laughter, owner says "our little family". 15-20s (Lakeside tug): Grassy lakeshore, sunny afternoon, calm blue water and a few trees. The dog grips one end of a thick knotted rope toy and pulls backward with happy growls while the owner's hands hold the other end, his paws digging into the grass, tail wagging wildly. Sound: playful growls, rope creaking, owner laughing "you are so strong". 20-25s (Porch swing evening): Back porch, early evening, warm low sun over the yard, a wooden porch swing. The dog lies on a blanket beside the swing where the owner and her partner sit swaying gently. The owner's hand reaches down and rests on his head as he closes his eyes. Sound: swing creaking, crickets starting, owner whispers "forever, buddy".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
