Meet My German Shepherd's Best Friend

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

An introduction to the dog and her closest friend, the orange tabby cat: a couch hello, a hallway rub, a gentle sniff on the rug, sitting together on the porch and the cat curling up between her paws.

TIMELINE

0-5s	Couch hello
5-10s	Hallway rub
10-15s	Gentle sniff
15-20s	Porch sitting
20-25s	Curled between paws

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Couch hello): Living room, late morning, plain daylight from a side window, worn grey couch with a rumpled throw blanket. The dog lies along the couch cushions. An orange tabby cat with white paws and a white chest walks along the backrest above her, stops, and leans down to sniff the top of her head. The dog blinks and stays still. Sound: quiet room, soft purring, owner whispers "this is her best friend". 5-10s (Hallway rub): Narrow hallway with a beige runner rug and shoes lined up by the wall, ordinary daylight from an open doorway. The dog stands calmly. The orange tabby cat with white paws and a white chest walks under her chin and rubs its whole body along her fluffy chest and front legs, tail up and curling around her leg. Sound: purring, collar tag jingling softly, floor creak. 10-15s (Gentle sniff): Living room floor, faded patterned rug, coffee table with a coffee mug at the edge of frame, soft daylight. The dog lowers her head slowly and sniffs the face of the orange tabby cat with white paws and a white chest, who sits upright. The cat closes its eyes and pushes its cheek against her nose. Sound: sniffing, a tiny chirp from the cat, owner laughs quietly. 15-20s (Porch sitting): Small front porch, overcast afternoon, painted wooden steps, a potted plant and a doormat. The dog sits on the top step looking out at the quiet street. The orange tabby cat with white paws and a white chest sits right beside her, shoulder almost touching her chest fur, both watching the same direction. Sound: distant car passing, birds, wind chime nearby. 20-25s (Curled between paws): Back inside on the living room rug, warm table lamp switched on in the corner, late afternoon light fading. The dog lies down with her front paws stretched out. The orange tabby cat with white paws and a white chest steps between her paws, turns once and curls up there. The dog rests her chin gently beside the cat. Sound: purring, a soft dog sigh, owner says "see? inseparable".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Couch hello

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, late morning, plain daylight from a side window, worn grey couch with a rumpled throw blanket. The dog lies along the couch cushions. An orange tabby cat with white paws and a white chest walks along the backrest above her, stops, and leans down to sniff the top of her head. The dog blinks and stays still. Sound: quiet room, soft purring, owner whispers "this is her best friend".

Clip 2 | 5-10s | Hallway rub

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
