The Cat Grooms Her Ears

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The cat takes it upon itself to groom the dog's fluffy ears while she patiently holds still - with a head tilt, a ticklish shake and a thank-you lick at the end.

TIMELINE

0-5s	Grooming starts
5-10s	Holding still
10-15s	Holding the ear
15-20s	Ticklish shake
20-25s	Thank-you lick

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Grooming starts): Living room, afternoon daylight from a side window, an old brown armchair. The dog sits on the floor next to the armchair. An orange tabby cat with white paws and a white chest sits on the armrest, leans over and starts licking the long fluffy fur on the back of her ear with small, steady licks. Sound: soft licking sounds, quiet room, owner whispers "here we go". 5-10s (Holding still): Same brown armchair, natural afternoon light. Close view of the dog's head. The orange tabby cat with white paws and a white chest keeps licking the inside edge of her upright ear. The dog closes her eyes halfway and tilts her head toward the cat, completely still and relaxed. Sound: licking, purring, a contented dog sigh. 10-15s (Holding the ear): Armchair in the living room, soft daylight. The orange tabby cat with white paws and a white chest places one white paw gently on top of the dog's head to hold her steady and continues grooming the fluffy fur at the base of her ear. The dog's eyes stay closed. Sound: steady licking, ticking clock, owner laughs quietly. 15-20s (Ticklish shake): Living room near the brown armchair, daylight. The dog suddenly gives a quick, gentle head shake, her ears flapping and fluffy fur flying. The orange tabby cat with white paws and a white chest leans back for a second, blinks, then leans in and starts licking her ear again. Sound: ear flapping, collar tag jingling, owner says "too ticklish?". 20-25s (Thank-you lick): Same armchair, late afternoon light getting softer. The dog turns her head and gives the orange tabby cat with white paws and a white chest one slow, gentle lick on top of its head. The cat squints, its fur sticking up a little, then sits down on the armrest looking satisfied. Sound: a single lick, a small cat chirp, quiet laughter.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Grooming starts

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, afternoon daylight from a side window, an old brown armchair. The dog sits on the floor next to the armchair. An orange tabby cat with white paws and a white chest sits on the armrest, leans over and starts licking the long fluffy fur on the back of her ear with small, steady licks. Sound: soft licking sounds, quiet room, owner whispers "here we go".

Clip 2 | 5-10s | Holding still

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Same brown armchair, natural afternoon light. Close view of the dog's head. The orange tabby cat with white paws and a white chest keeps licking the inside edge of her upright ear. The dog closes her eyes halfway and tilts her head toward the cat, completely still and relaxed. Sound: licking, purring, a contented dog sigh.

Clip 3 | 10-15s | Holding the ear

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Armchair in the living room, soft daylight. The orange tabby cat with white paws and a white chest places one white paw gently on top of the dog's head to hold her steady and continues grooming the fluffy fur at the base of her ear. The dog's eyes stay closed. Sound: steady licking, ticking clock, owner laughs quietly.

Clip 4 | 15-20s | Ticklish shake

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
