## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Hallway parade): Long hallway with a wooden floor and family photos in plain frames on the wall, daylight from a window at the far end. An orange tabby cat with white paws and a white chest trots ahead, tail straight up. The dog follows right behind it at a slow walk, nose close to its tail. Sound: claws clicking on wood, owner says "where are you two going?". 5-10s (Kitchen check): Kitchen, midday daylight, beige tile floor, an open dishwasher. The owner's legs walk toward the fridge. The dog follows the owner, and the orange tabby cat with white paws and a white chest follows the dog, all stopping in a small line on the tiles when the owner stops. Sound: fridge door opening, owner laughs, tags jingling. 10-15s (Up the stairs): Carpeted staircase, afternoon daylight from a landing window. The orange tabby cat with white paws and a white chest walks up the stairs one step at a time. The dog follows two steps behind, pausing each time the cat pauses. The camera films from the bottom step. Sound: soft thumps on carpet, owner whispers "so cute". 15-20s (Bathroom door): Upstairs hallway, ordinary daylight, a closed white bathroom door with a bath mat edge visible underneath. The dog lies down right in front of the door. The orange tabby cat with white paws and a white chest sits next to her and reaches one white paw under the door gap. Sound: water running behind the door, a small meow. 20-25s (Screened porch): Screened back porch, cloudy late afternoon, wicker chair and a potted fern, fine mesh screens all around. The dog walks out and lies on a flat cushion. The orange tabby cat with white paws and a white chest follows a second later and lies down right against her side. Sound: crickets starting, wind in the trees, porch door clacking shut.

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

## CLIP-BY-CLIP PROMPTS (backup)

#### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
