Waiting at the Door Together

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog and the cat wait for the owner to come home: settling by the door, perking up at a car, peeking out, the door opening and a happy double greeting.

TIMELINE

0-5s	Settling by door
5-10s	Car sound
10-15s	Peeking out
15-20s	Door opens
20-25s	Double greeting

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Settling by door): Entryway, late afternoon, daylight through a narrow frosted window beside the front door, a shoe rack and a coat hook. The dog lies on the doormat facing the door. An orange tabby cat with white paws and a white chest sits beside her on the wooden floor, also facing the door. Sound: quiet house, a ticking clock, distant traffic. 5-10s (Car sound): Same entryway in late afternoon light, filmed from a phone propped on the stairs. The dog's head snaps up and her ears turn toward the door. The orange tabby cat with white paws and a white chest stands up, tail lifting. The dog gets to her feet, tail starting to wag. Sound: a car pulling into the driveway, engine turning off, an excited whine. 10-15s (Peeking out): Entryway, daylight through the frosted side window. The dog stands with her nose pressed to the bottom corner of the door, sniffing hard. The orange tabby cat with white paws and a white chest rubs its side along the door frame and then along her front legs, circling. Sound: loud sniffing, footsteps on the porch, keys jingling outside. 15-20s (Door opens): Entryway, the front door swinging open to an overcast front porch. The owner's legs in jeans and sneakers step inside with a grocery bag. The dog wiggles her whole body and leans against the owner's leg. The orange tabby cat with white paws and a white chest weaves around the sneakers. Sound: door opening, happy whining, purring, owner says "hi, hi, I'm home". 20-25s (Double greeting): Entryway, warm ceiling light switched on, door now closed. The owner crouches and the camera points down. The owner's hand rubs the dog's fluffy chest while the orange tabby cat with white paws and a white chest headbutts the owner's other hand. Both crowd in close. Sound: tail thumping the wall, loud purring, owner laughing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Settling by door

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Entryway, late afternoon, daylight through a narrow frosted window beside the front door, a shoe rack and a coat hook. The dog lies on the doormat facing the door. An orange tabby cat with white paws and a white chest sits beside her on the wooden floor, also facing the door. Sound: quiet house, a ticking clock, distant traffic.

Clip 2 | 5-10s | Car sound

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
