The Cat Stole Her Bed

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog comes to lie in her bed and finds the cat already in the middle of it: she stares, looks at the owner, tries to fit, gives up on the floor and finally gets a new blanket of her own.

TIMELINE

0-5s	Bed taken
5-10s	Looks at owner
10-15s	Trying to fit
15-20s	Gives up
20-25s	New blanket

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Bed taken): Bedroom, afternoon daylight through a window, a rectangular brown dog bed on the carpet next to a dresser. An orange tabby cat with white paws and a white chest lies stretched out right in the middle of the dog bed. The dog walks up and stops at the edge, staring down at it. Sound: quiet room, owner laughs softly, tags jingling. 5-10s (Looks at owner): Same bedroom, natural daylight, carpet floor. The dog stands next to the brown dog bed and slowly turns her head to look straight at the camera, ears slightly back. Behind her, the orange tabby cat with white paws and a white chest stays sprawled in her bed with its eyes closed. Sound: a small whine, owner says "don't look at me". 10-15s (Trying to fit): Bedroom, afternoon light. The dog carefully puts one front paw into the brown dog bed beside the orange tabby cat with white paws and a white chest, then the other, and tries to sit down in the small leftover corner. Half her body hangs over the edge. The cat does not move. Sound: cushion squeaking, owner laughing harder. 15-20s (Gives up): Bedroom carpet in afternoon daylight. The dog steps back out of the brown dog bed and lies down on the bare carpet right next to it, resting her chin on the bed's edge beside the orange tabby cat with white paws and a white chest. She lets out a long, heavy sigh. Sound: a big heavy dog sigh, purring. 20-25s (New blanket): Same bedroom, late afternoon light. The owner's hands spread a folded fleece blanket on the carpet next to the dog bed. The dog gets up, steps onto it, turns in a circle and lies down. The orange tabby cat with white paws and a white chest watches from the dog bed. Sound: fleece rustling, owner says "there you go, sweetheart".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Bed taken

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Bedroom, afternoon daylight through a window, a rectangular brown dog bed on the carpet next to a dresser. An orange tabby cat with white paws and a white chest lies stretched out right in the middle of the dog bed. The dog walks up and stops at the edge, staring down at it. Sound: quiet room, owner laughs softly, tags jingling.

Clip 2 | 5-10s | Looks at owner

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The orange tabby cat with white paws and a white chest watches from the dog bed. Sound: fleece rustling, owner says "there you go, sweetheart".

FACEBOOK CAPTION

She asked for one thing. Her bed.
The cat said no.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
