MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Into the shower): Bathroom, bright overhead light, white tiles and a walk-in shower with a low step and no door. The dog stands in the shower looking unsure, ears back. An orange tabby cat with white paws and a white chest sits outside on a dry folded towel on the bathroom floor, watching her. Sound: bathroom echo, owner says "it's just a bath", a small whine. 5-10s (Rinse): Same bathroom, overhead light, white tiles. The owner's hand holds a handheld shower head and rinses the dog's back with lukewarm water, her long fur going flat and dark. The orange tabby cat with white paws and a white chest stays on its dry towel outside the shower, eyes wide. Sound: water spraying, dripping, a soft cat meow. 10-15s (Lather): Walk-in shower, bright bathroom light. The owner's hands massage white dog shampoo foam into the dog's wet neck and chest fur. The dog stands patiently, looking out toward the orange tabby cat with white paws and a white chest, which sits on the dry towel just outside, watching closely. Sound: squishy scrubbing, water dripping, owner says "almost done". 15-20s (The big shake): Bathroom, overhead light, wet tiles. The dog gives a huge full-body shake in the shower, water spraying off her fur onto the tiles. Outside the shower, the orange tabby cat with white paws and a white chest flinches, flattens its ears and hops up onto the closed toilet lid, staying dry. Sound: water flying, owner yelps and laughs, collar tag rattling. 20-25s (Towel and sniff): Bathroom floor, bright light, a grey bath mat. The owner's hands rub the dog with a big towel, her fur sticking up in damp clumps. The orange tabby cat with white paws and a white chest steps down, walks over and sniffs her damp chest carefully. Sound: towel rubbing, sniffing, owner says "she's clean, I promise".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
