MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Under the lights): Living room in the evening, a decorated Christmas tree in the corner with warm white string lights, ornaments only on the upper branches, a red tree skirt. The dog lies on the floor beside the tree. An orange tabby cat with white paws and a white chest sits on the tree skirt near her. Sound: quiet holiday music from another room, a soft purr. 5-10s (Ornaments up high): Same living room, ceiling light and tree lights on. The owner's hand hangs a round red ornament high near the top of the tree. Below, the dog and the orange tabby cat with white paws and a white chest both sit looking up, heads tilted, watching the ornament swing. Sound: ornament hook clinking, owner says "up high, where you can't reach". 10-15s (Gift sniff): Living room by the tree, warm lamp and string lights on. The dog sniffs a wrapped gift box with plain green paper under the tree. The orange tabby cat with white paws and a white chest pats the ribbon gently with its white paw. The owner's hand moves the gift slightly away. Sound: paper crinkling, sniffing, owner laughs "not yet". 15-20s (Sitting together): Living room, evening, the tree lights on and a lamp beside the couch. The dog sits upright beside the tree with her fluffy chest out. The orange tabby cat with white paws and a white chest sits right against her front leg. The owner takes a holiday photo of them from the couch. Sound: camera shutter click, owner says "hold still, perfect". 20-25s (Asleep under tree): Late evening, the room dark except for the warm white tree lights and one small lamp. The dog sleeps on the tree skirt with her head on her paws. The orange tabby cat with white paws and a white chest is curled up against her back, both bathed in soft tree light. Sound: soft snoring, faint purring, quiet house.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
