MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (First head bump): Living room, late afternoon daylight, a low wooden ottoman next to the couch. An orange tabby cat with white paws and a white chest stands on the ottoman. The dog walks over and the cat pushes its forehead firmly into her chin, eyes squeezed shut. Sound: a soft bump, loud purring, owner whispers "aww". 5-10s (Cheek rubs): Same ottoman, warm daylight from the window. The orange tabby cat with white paws and a white chest rubs its cheek along the dog's muzzle, then along the side of her face up to her ear. The dog closes her eyes and holds very still, tail swaying slowly behind her. Sound: purring, tail brushing the couch. 10-15s (Lowering her head): Living room near the couch, daylight fading a little. The dog lowers her big head so it is level with the orange tabby cat with white paws and a white chest. The cat bumps its head against the top of her head twice, its tail wrapping around her neck. Sound: two soft bumps, deep purring, owner laughs softly. 15-20s (Purring in her ear): Close view by the ottoman, warm lamp light switched on. The orange tabby cat with white paws and a white chest presses its face right next to the dog's fluffy ear, purring loudly. Her ear twitches and turns toward the sound, and she leans her weight gently toward the cat. Sound: very loud purring, a small dog sigh. 20-25s (Lick back): Living room in the evening, lamp light, ottoman by the couch. The dog turns and gives the orange tabby cat with white paws and a white chest a slow, careful lick on the side of its face. The cat squints, leans into it and immediately bumps its head into her chin again. Sound: a lick, purring, owner says "so much love".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
