The Cat Bats Her Tail

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog's fluffy wagging tail is the cat's favorite toy: watching it, a soft bat, the dog looking back, more wagging and the cat finally holding the tip between its paws.

TIMELINE

0-5s	Tail watching
5-10s	Soft bat
10-15s	Dog looks back
15-20s	More wagging
20-25s	Holding the tip

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Tail watching): Living room, afternoon daylight, a carpeted floor and a padded footstool. The dog lies on the carpet, her long fluffy tail slowly swishing across the floor. An orange tabby cat with white paws and a white chest sits on the footstool, head moving side to side following the tail. Sound: tail swishing on carpet, owner whispers "watch this". 5-10s (Soft bat): Same living room, natural daylight. The orange tabby cat with white paws and a white chest leans down from the footstool and gently bats the dog's tail with one white paw, claws in. The tail stops for a second, then swishes again. Sound: soft pat, a small cat chirp, owner laughs. 10-15s (Dog looks back): Carpeted living room, afternoon light. The dog lifts her head and looks back over her shoulder at the orange tabby cat with white paws and a white chest, who freezes with one paw raised in the air above her tail. The dog lays her head back down. Sound: tags jingling, quiet laughter. 15-20s (More wagging): Living room, daylight from the window. The dog's tail starts wagging faster, thumping the carpet. The orange tabby cat with white paws and a white chest hops down from the footstool and crouches next to it, tapping at the fluffy fur with both white paws in turn. Sound: tail thumping, little paw taps, owner says "she's doing it on purpose". 20-25s (Holding the tip): Living room carpet, late afternoon light softening. The orange tabby cat with white paws and a white chest lies down and holds the tip of the dog's tail gently between its white paws, sniffing it. The dog lies still with her eyes half closed, letting it. Sound: soft purring, a contented dog sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Tail watching

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, afternoon daylight, a carpeted floor and a padded footstool. The dog lies on the carpet, her long fluffy tail slowly swishing across the floor. An orange tabby cat with white paws and a white chest sits on the footstool, head moving side to side following the tail. Sound: tail swishing on carpet, owner whispers "watch this".

Clip 2 | 5-10s | Soft bat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
