Vet Day for Both of Them

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A checkup day for both friends: getting the cat into its carrier, the car ride, a calm wait in the waiting room, the dog staying close during the cat's exam and coming home sleepy together.

TIMELINE

0-5s	Into the carrier
5-10s	Car ride
10-15s	Waiting room
15-20s	Cat's exam
20-25s	Home and sleepy

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Into the carrier): Living room, morning daylight, a grey plastic cat carrier with its door open on the rug. The owner's hand places a treat inside. An orange tabby cat with white paws and a white chest walks into the carrier. The dog sits nearby wearing her yellow collar and a black leash. Sound: treat rustling, owner says "good job", carrier door latching. 5-10s (Car ride): Inside a car, back seat, bright overcast daylight through the windows. The dog sits on the seat wearing a car safety harness clipped to the seat belt. The grey cat carrier is buckled in beside her, the orange tabby cat with white paws and a white chest visible through the grate. She sniffs the carrier. Sound: road noise, turn signal ticking, a small meow. 10-15s (Waiting room): Quiet vet waiting room, plain fluorescent ceiling light, beige walls with no signs, a wooden bench. The dog lies calmly on the floor by the owner's feet, leash slack. The grey carrier sits on the bench, the orange tabby cat with white paws and a white chest peeking out through the grate. Sound: quiet murmuring, a door closing down the hall, soft panting. 15-20s (Cat's exam): Small exam room, bright ceiling light, pale walls, a steel exam table. The orange tabby cat with white paws and a white chest sits on the table while a vet's gloved hands gently feel its belly. The dog sits on the floor beside the table, looking up, ears forward. Sound: vet says "good kitty", purring, collar tag jingling. 20-25s (Home and sleepy): Back home in the living room, afternoon daylight, the empty grey carrier open on the rug. The dog lies stretched on the rug. The orange tabby cat with white paws and a white chest lies curled against her belly. Both are already drifting off to sleep. Sound: quiet house, a long sigh, owner whispers "brave babies".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Into the carrier

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, morning daylight, a grey plastic cat carrier with its door open on the rug. The owner's hand places a treat inside. An orange tabby cat with white paws and a white chest walks into the carrier. The dog sits nearby wearing her yellow collar and a black leash. Sound: treat rustling, owner says "good job", carrier door latching.

Clip 2 | 5-10s | Car ride

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
