Bedtime Together

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The end-of-day routine for two best friends: the last drink of water, walking to the bedroom together, climbing onto the bed, settling in at the foot of the bed and the lamp going off.

TIMELINE

0-5s	Last drink
5-10s	Walking to bed
10-15s	Onto the bed
15-20s	Settling in
20-25s	Lights out

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Last drink): Kitchen at night, only the light over the stove switched on, beige tile floor. The dog drinks from her water bowl. An orange tabby cat with white paws and a white chest sits a few feet away by its own small water bowl, also lapping quietly. Sound: quiet lapping, fridge humming, owner says "bedtime, guys". 5-10s (Walking to bed): Dark hallway at night, a small plug-in night light near the floor and a bedroom lamp on at the far end. The dog walks slowly down the hallway toward the bedroom. The orange tabby cat with white paws and a white chest walks right beside her, tail up. Sound: soft paw steps, tags jingling, house settling. 10-15s (Onto the bed): Bedroom at night, a bedside lamp switched on, a bed with a grey duvet. The dog steps up onto the end of the bed and lies down across the foot. The orange tabby cat with white paws and a white chest jumps up a second later and walks along the duvet toward her. Sound: mattress creaking, duvet rustling, a soft cat chirp. 15-20s (Settling in): Same bedroom, warm bedside lamp light. The orange tabby cat with white paws and a white chest turns twice and curls up in the curve of the dog's body at the foot of the bed. The dog rests her chin across the cat's back gently. The owner's feet under the duvet are just visible. Sound: purring, a long dog sigh, owner whispers "goodnight". 20-25s (Lights out): Bedroom at night, the owner's hand reaches to the bedside lamp and switches it off. Only dim blue light from the window shows the dog and the orange tabby cat with white paws and a white chest as shapes curled together at the foot of the bed, still and peaceful. Sound: lamp click, quiet purring, slow breathing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Last drink

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Kitchen at night, only the light over the stove switched on, beige tile floor. The dog drinks from her water bowl. An orange tabby cat with white paws and a white chest sits a few feet away by its own small water bowl, also lapping quietly. Sound: quiet lapping, fridge humming, owner says "bedtime, guys".

Clip 2 | 5-10s | Walking to bed

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
