MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Picking the rope): Living room on a rainy afternoon, grey light from a window with raindrops on the glass, a laminate floor and a toy basket. The dog noses through the basket and pulls out a thick knotted blue rope toy. A small red-and-white Pembroke Welsh Corgi with a blue collar watches from the rug, tail stub wiggling. Sound: rain on the window, toys rattling, tags jingling. 5-10s (Careful tug): Same living room, dim rainy daylight and one floor lamp on. The dog holds one end of the rope and the small red-and-white Corgi with a blue collar grabs the other end, leaning back with all its weight. The dog barely pulls, just holding still with soft eyes while the Corgi growls playfully. Sound: a tiny play growl, the rope creaking, owner giggles. 10-15s (Lying down to be fair): Living room rug, soft lamp light mixed with grey daylight. The dog lies down on her belly still holding her end of the rope, bringing herself to the Corgi's height. The small red-and-white Corgi with a blue collar tugs and shuffles backward a little, dragging her slowly across the rug. Sound: fabric sliding, playful snorts, owner says "you're so gentle". 15-20s (Corgi wins): Same rug near the couch, rainy afternoon light. The dog opens her mouth and lets go. The small red-and-white Corgi with a blue collar stumbles back a step, then trots in a happy little circle with the rope in its mouth while the dog watches, tail thumping on the floor. Sound: tail thumping, tags jingling, owner cheers softly "he won". 20-25s (Cuddle break): Living room couch base, grey window light and lamp on, rain still falling outside. The small red-and-white Corgi with a blue collar drops the rope and lies down against the dog's side. The dog curls her fluffy tail around the Corgi and they both rest, breathing slowly. Sound: steady rain, slow breathing, a soft sigh.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
