MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Lining up): Kitchen, late afternoon, warm daylight from a window over the sink, grey vinyl floor and white cabinets. The owner opens a glass treat jar on the counter. The dog sits right away and a small red-and-white Pembroke Welsh Corgi with a blue collar sits beside her, both staring up. Sound: jar lid clinking, tags jingling, owner says "line up". 5-10s (Her turn): Same kitchen, late afternoon light. The owner's hand holds out a small biscuit to the dog first. She takes it gently with her front teeth. The small red-and-white Corgi with a blue collar stays seated beside her, eyes following the biscuit, licking its lips but waiting. Sound: crunching, owner says "good girl", the fridge humming. 10-15s (Corgi's turn): Kitchen floor near the counter, warm window light. The owner's hand lowers to offer a small biscuit to the small red-and-white Corgi with a blue collar, which snatches it quickly and crunches loudly. The dog sits calmly beside it, watching with her ears relaxed. Sound: loud crunching, owner laughing "gentle", tail stub thumping. 15-20s (Sneaky second try): Same kitchen, late afternoon. The small red-and-white Corgi with a blue collar scoots forward on its bottom toward the owner's feet, hoping for another biscuit. The dog stays seated in her spot and glances from the Corgi to the camera, then back. Sound: claws sliding on vinyl, owner says "nice try, buddy". 20-25s (Polite wait): Kitchen by the counter, daylight fading to soft evening light, a ceiling light switched on. The owner closes the treat jar and sets it back. Both dogs remain sitting side by side, still looking up at the counter hopefully, the dog with her fluffy tail sweeping the floor slowly. Sound: jar lid closing, a long hopeful whine, owner says "all done".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
