The Corgi Can't Reach the Couch

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog hops onto the couch easily but the short-legged Corgi cannot: the jump, the Corgi's failed tries, the dog peeking over the edge, the owner adding a step and both settling on the couch.

TIMELINE

0-5s	Easy jump up
5-10s	Failed tries
10-15s	Peeking over the edge
15-20s	Adding a step
20-25s	Settling together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Easy jump up): Living room, evening, ordinary ceiling light and a table lamp on, a brown fabric couch with two cushions. The dog hops up onto the couch in one easy movement and turns once before lying down. A small red-and-white Pembroke Welsh Corgi with a blue collar stands on the floor below watching. Sound: couch springs creaking, a soft thump, TV murmuring off screen. 5-10s (Failed tries): Same living room, lamp light. The small red-and-white Corgi with a blue collar puts its front paws on the edge of the couch cushion and bounces on its back legs, but cannot get up. It drops back down and tries again, short legs scrambling. Sound: claws scratching fabric, a frustrated little whine, owner giggling. 10-15s (Peeking over the edge): Brown couch in warm lamp light. The dog shuffles to the edge of the couch and hangs her head over the side, looking down at the small red-and-white Corgi with a blue collar. They touch noses. The dog's fluffy ears flop forward as she watches it. Sound: soft sniffing, a quiet whine from the Corgi, owner says "she's checking on you". 15-20s (Adding a step): Living room floor by the couch, evening lamp light. The owner's hands slide a padded grey pet step against the couch. The small red-and-white Corgi with a blue collar sniffs it, then climbs up the two steps and onto the cushion while the dog watches, tail wagging. Sound: foam step sliding on the floor, paws thumping, owner says "there you go". 20-25s (Settling together): Brown couch, cozy evening lamp light, a knitted blanket on the back. The small red-and-white Corgi with a blue collar curls up in the middle of the couch against the dog's belly. The dog rests her head on the armrest and closes her eyes. Sound: a contented groan, TV murmuring, quiet breathing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Easy jump up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, evening, ordinary ceiling light and a table lamp on, a brown fabric couch with two cushions. The dog hops up onto the couch in one easy movement and turns once before lying down. A small red-and-white Pembroke Welsh Corgi with a blue collar stands on the floor below watching. Sound: couch springs creaking, a soft thump, TV murmuring off screen.

Clip 2 | 5-10s | Failed tries

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
