Nap Pile

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A lazy rainy Sunday nap that slowly turns into a pile: the dog dozing, the Corgi joining, the cat curling up too, a big stretch and everyone fast asleep.

TIMELINE

0-5s	She dozes off
5-10s	Corgi joins
10-15s	The cat arrives
15-20s	Big stretch
20-25s	Fast asleep

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (She dozes off): Living room on a rainy Sunday, dim grey daylight through rain-streaked windows, a large oval dog bed on a beige carpet next to the couch. The dog lies curled in the bed, eyes slowly closing one blink at a time, her fluffy tail wrapped around her nose. Sound: steady rain on the roof, a soft sigh, a clock ticking. 5-10s (Corgi joins): Same living room, dim rainy light and one table lamp on. A small red-and-white Pembroke Welsh Corgi with a blue collar walks over, sniffs the dog bed and steps in, circling once before lying down against the dog's back. The dog opens one eye and closes it again. Sound: rain, bed fabric rustling, a soft grunt. 10-15s (The cat arrives): Oval dog bed in grey rainy daylight with lamp light. An orange tabby cat with white paws and a white chest walks along the edge of the bed and carefully curls up against the dog's chest. The small red-and-white Corgi with a blue collar stays asleep at her back. Sound: soft purring, rain on the window, owner whispers "oh my gosh". 15-20s (Big stretch): Same dog bed, dim rainy afternoon light. The dog stretches her front legs out slowly and yawns wide, then settles back. The orange tabby cat with white paws adjusts and stays tucked in, and the small red-and-white Corgi with a blue collar twitches its ears in its sleep. Sound: a long squeaky yawn, purring, rain. 20-25s (Fast asleep): Close view of the dog bed, cozy lamp light and grey window light. The dog, the small red-and-white Corgi with a blue collar and the orange tabby cat with white paws all sleep in one pile, breathing slowly, the cat's paw resting on the dog's fluffy chest fur. Sound: soft snoring, purring, gentle rain.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | She dozes off

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room on a rainy Sunday, dim grey daylight through rain-streaked windows, a large oval dog bed on a beige carpet next to the couch. The dog lies curled in the bed, eyes slowly closing one blink at a time, her fluffy tail wrapped around her nose. Sound: steady rain on the roof, a soft sigh, a clock ticking.

Clip 2 | 5-10s | Corgi joins

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
