Beach Day Duo

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A calm morning at a quiet dog-friendly beach with the owner close by: first steps on the sand, sniffing seaweed, tiny waves at their paws, digging near the water and resting on a towel.

TIMELINE

0-5s	First steps on sand
5-10s	Sniffing seaweed
10-15s	Tiny waves
15-20s	Digging by the water
20-25s	Towel rest

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (First steps on sand): Quiet dog-friendly beach, calm cloudy morning, pale sand and low dunes with grass behind. The dog steps off a wooden boardwalk onto the sand, sniffing the air. A small red-and-white Pembroke Welsh Corgi with a blue collar follows on a long blue leash, short legs sinking slightly. Sound: gentle waves, seagulls, wind in the dune grass. 5-10s (Sniffing seaweed): Same beach, soft overcast light, a line of dark seaweed along the sand. The dog sniffs a clump of seaweed carefully and the small red-and-white Corgi with a blue collar sniffs it from the other side. The owner's legs stand right beside them, holding both leashes. Sound: sniffing, waves rolling in softly, owner says "don't eat that". 10-15s (Tiny waves): Edge of the water, calm sea with very small waves, grey morning light. A thin sheet of foamy water rolls up over the dog's paws and she steps back, then forward again. The small red-and-white Corgi with a blue collar stands next to the owner's feet as the water touches its toes. Sound: soft fizzing water, a surprised huff, owner laughing. 15-20s (Digging by the water): Wet sand a few steps from the water, overcast daylight. The dog digs a shallow hole with her front paws, wet sand clumping in her fluffy leg fur. The small red-and-white Corgi with a blue collar watches from beside the owner's legs, then sticks its nose into the hole. Sound: wet sand slapping, seagulls, waves. 20-25s (Towel rest): Beach towel spread on dry sand near the dunes, mild cloudy light. The dog lies on the towel with sandy damp fur. The small red-and-white Corgi with a blue collar lies against her side. The owner's hand pours fresh water into a collapsible bowl for them. Sound: water pouring, panting, waves in the distance.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | First steps on sand

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Quiet dog-friendly beach, calm cloudy morning, pale sand and low dunes with grass behind. The dog steps off a wooden boardwalk onto the sand, sniffing the air. A small red-and-white Pembroke Welsh Corgi with a blue collar follows on a long blue leash, short legs sinking slightly. Sound: gentle waves, seagulls, wind in the dune grass.

Clip 2 | 5-10s | Sniffing seaweed

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Same beach, soft overcast light, a line of dark seaweed along the sand. The dog sniffs a clump of seaweed carefully and the small red-and-white Corgi with a blue collar sniffs it from the other side. The owner's legs stand right beside them, holding both leashes. Sound: sniffing, waves rolling in softly, owner says "don't eat that".

Clip 3 | 10-15s | Tiny waves

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
