MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Spotting the pile): Backyard in autumn, cool sunny afternoon, a large pile of orange and brown leaves next to a rake leaning on the fence. The dog stands at the edge of the pile staring at it, ears up. A small red-and-white Pembroke Welsh Corgi with a blue collar stands beside her. Sound: leaves rustling in the wind, birds, owner says "don't you dare". 5-10s (She jumps in): Same backyard, crisp autumn sunlight. The dog leaps into the middle of the leaf pile, leaves flying up around her. She rolls onto her back, wriggling, legs in the air, her long fur collecting bits of leaves. The small red-and-white Corgi with a blue collar watches from the edge. Sound: loud crunching leaves, owner laughing "there goes my work". 10-15s (Corgi disappears): Backyard leaf pile, sunny autumn afternoon. The small red-and-white Corgi with a blue collar hops into the leaves and almost disappears, only its big ears and back showing. The dog stands nearby, pushes her nose into the pile and finds the Corgi's face. Sound: crunching, a playful snort, owner says "where did he go". 15-20s (Leaf shower): Same leaf pile, warm low autumn sun. The owner's hands toss an armful of leaves into the air above both dogs. The dog snaps playfully at the falling leaves while the small red-and-white Corgi with a blue collar sits still, blinking as leaves land on its head. Sound: leaves fluttering down, a happy bark, owner laughing. 20-25s (Resting in leaves): Flattened leaf pile in late afternoon sunlight, long shadows across the yard. The dog lies in the leaves with orange leaves stuck in her fluffy fur. The small red-and-white Corgi with a blue collar lies close against her, a leaf on its back, both panting happily. Sound: panting, gentle wind, a distant leaf blower.

Worth it though.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
