Meeting a Gentle Great Dane

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

At a quiet park the dog meets a gentle Great Dane who is even taller than her: a calm approach, a nose touch, walking side by side, a sniff break on a bench area and a calm goodbye.

TIMELINE

0-5s	Calm approach
5-10s	Nose touch
10-15s	Walking side by side
15-20s	Sniff break
20-25s	Calm goodbye

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Calm approach): Quiet city park, mild overcast afternoon, wide grassy area and a paved path. A huge fawn Great Dane with a black face and a red leather collar walks slowly toward the dog on a loose leash held by its owner, shown from the waist down. The dog stands calmly, ears up. Sound: birds, footsteps on the path, owner whispers "wow, look at him". 5-10s (Nose touch): Same park, soft grey afternoon light. The dog lifts her head and the fawn Great Dane with a black face and a red collar lowers its big head. They touch noses, both tails wagging slowly. The dog looks small next to the Great Dane for the first time. Sound: soft sniffing, distant children playing, owner laughing quietly. 10-15s (Walking side by side): Paved park path lined with trees, overcast daylight. The dog walks on a loose leash beside the fawn Great Dane with a black face and a red collar, both moving at an easy pace, their owners' legs walking behind them. The Great Dane's long legs take slow strides. Sound: paws and shoes on pavement, leashes jingling, light breeze. 15-20s (Sniff break): Grass beside a park bench, cloudy afternoon light. Both dogs stop to sniff the same patch of clover. The fawn Great Dane with a black face and a red collar sniffs slowly while the dog sniffs right next to its front leg, both completely calm. Sound: sniffing, a squirrel chattering in a tree, owners chatting. 20-25s (Calm goodbye): Park path near the entrance, late afternoon soft light. The fawn Great Dane with a black face and a red collar lies down on the grass for a rest. The dog sniffs its ear gently, then turns and walks back to the owner's legs, tail wagging. Sound: a deep relaxed sigh from the Great Dane, birds, owner says "what a gentle giant".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Calm approach

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Quiet city park, mild overcast afternoon, wide grassy area and a paved path. A huge fawn Great Dane with a black face and a red leather collar walks slowly toward the dog on a loose leash held by its owner, shown from the waist down. The dog stands calmly, ears up. Sound: birds, footsteps on the path, owner whispers "wow, look at him".

Clip 2 | 5-10s | Nose touch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
