## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Lying down to meet): Living room, mid-morning daylight from a window, light grey carpet and a coffee table. A visiting friend's hands set down a tiny tan chihuahua with a pink harness on the carpet. The dog slowly lies down on her belly a few steps away, ears soft. Sound: quiet room, tiny claws on carpet, owner whispers "easy, gentle". 5-10s (Careful sniff): Same living room, soft daylight. The tiny tan chihuahua with a pink harness walks up to the dog's face. The dog stays lying down and stretches her nose forward very slowly, sniffing it gently. The chihuahua sniffs her fluffy cheek. Sound: tiny snuffles, a soft huff, friend laughs quietly. 10-15s (Exploring around her): Living room carpet, natural window light. The tiny tan chihuahua with a pink harness walks along the dog's side, sniffing her long fur. The dog stays completely still, only turning her head to watch it, the owner's hand resting near her shoulder. Sound: tiny paw steps, the dog's slow breathing, owner says "good girl". 15-20s (Shared rug moment): Fluffy white rug by the couch, soft daylight. The dog lies stretched out and the tiny tan chihuahua with a pink harness sits down near her front paws. The dog gives the top of its head one tiny careful lick, and the chihuahua blinks and stays. Sound: a soft lick, the friend says "aww", a clock ticking. 20-25s (Calm goodbye): Front hallway, late morning light, shoes by the door. The visiting friend holds the tiny tan chihuahua with a pink harness in their arms. The dog sits calmly on the floor and stretches up to sniff the chihuahua's paw once, tail wagging softly. Sound: door unlocking, tail swishing, friend says "bye, big girl".

#### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
