MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Two balls ready): Open grassy field at a local park, breezy sunny morning, a line of trees far behind. The owner's hands hold up two tennis balls, one green and one pink. The dog and a small red-and-white Pembroke Welsh Corgi with a blue collar sit in front, eyes locked on the balls. Sound: wind, distant traffic, owner says "one for each". 5-10s (Long and short throws): Same park field, sunny morning. The owner's arm throws the green ball far across the grass and the dog sprints after it. Then the owner tosses the pink ball a short distance and the small red-and-white Corgi with a blue collar runs after it, ears bouncing. Sound: balls bouncing on grass, paws thudding, owner says "go!". 10-15s (The dog returns): Park field, bright daylight, short grass. The dog runs back with the green ball in her mouth, her fluffy fur bouncing, and drops it at the owner's sneakers. The small red-and-white Corgi with a blue collar trots up just behind her carrying the pink ball. Sound: heavy panting, a ball thudding, owner says "good job". 15-20s (Corgi's turn): Same field, sunny breezy morning. The small red-and-white Corgi with a blue collar drops the pink ball at the owner's feet. The owner throws it a short way and the Corgi chases it while the dog sits beside the owner, watching it go with her tail sweeping the grass. Sound: Corgi's excited yip, a ball bouncing, owner laughs. 20-25s (Both balls back): Park field near a wooden bench, late morning sun. The dog and the small red-and-white Corgi with a blue collar stand together at the owner's feet, the green ball and the pink ball lying side by side on the grass, both dogs panting and staring up for more. Sound: panting, wind, owner says "okay, water break first".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
