Lamb Feeding Time Buddy

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

She joins the morning bottle feeding of an orphan lamb: walking out with the bottle, the lamb's hello, watching the feeding, a gentle sniff and walking back across the yard together.

TIMELINE

0-5s	Heading out
5-10s	The lamb calls
10-15s	Bottle feeding
15-20s	Gentle sniff
20-25s	Walking back

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Heading out): Farmhouse back porch, chilly early morning, grey spring daylight, muddy boots lined up by the door. The owner's hand carries a large plastic feeding bottle with a red teat down the porch steps. The dog walks right beside the owner's legs, sniffs the bottle once and wags, heading toward a small wooden pen at the edge of the yard. Sound: porch boards creaking, boots on steps, a lamb bleating in the distance. 5-10s (The lamb calls): Small wooden pen with straw on the ground beside the farmhouse yard, cool grey morning light. A small white lamb with knobby knees runs to the pen gate and bleats loudly. The dog stops outside the gate, ears up, and gently sniffs the lamb's face through the gap between the boards while its little tail wiggles fast. Sound: loud high bleats, the dog sniffing, owner says "yes, yes, it's coming". 10-15s (Bottle feeding): Inside the straw pen, grey morning daylight. The owner crouches and holds the large bottle with the red teat at an angle while the small white lamb sucks hard, its tail wagging non-stop. The dog sits just outside the open gate watching closely, head tilted, licking her lips, staying in place when the owner tells her to wait. Sound: loud sucking, the lamb's tail tapping the boards, owner says "wait". 15-20s (Gentle sniff): Straw pen in the farmhouse yard, cool morning light, the bottle now empty in the owner's hand. The small white lamb wanders to the open gate and the dog lowers her head. They sniff each other's noses gently, then the lamb nuzzles under her chin looking for more milk, and she takes a small surprised step back. Sound: soft bleat, sniffing, owner laughs "she has no milk, buddy". 20-25s (Walking back): Grassy farmyard beside the pen, morning sun breaking through grey clouds, wet grass. The owner's legs walk slowly across the yard. The small white lamb trots right behind, and the dog walks calmly at the lamb's side, glancing at it. The owner stops at the pen gate, and the lamb and the dog both stop and look up. Sound: wet grass, small hooves, a tractor starting far away.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Heading out

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Farmhouse back porch, chilly early morning, grey spring daylight, muddy boots lined up by the door. The owner's hand carries a large plastic feeding bottle with a red teat down the porch steps. The dog walks right beside the owner's legs, sniffs the bottle once and wags, heading toward a small wooden pen at the edge of the yard. Sound: porch boards creaking, boots on steps, a lamb bleating in the distance.

Clip 2 | 5-10s | The lamb calls

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
