Baby Goats Hop Around Her

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Two springy baby goats treat her like part of the playground while she stays calm: hopping over her legs, bleating from a spool, tiny head bumps, a slow walk and a nap in the straw.

TIMELINE

0-5s	Hop over
5-10s	Spool bleat
10-15s	Tiny head bumps
15-20s	Slow walk
20-25s	Nap in the straw

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Hop over): Grassy goat pen on a small farm, bright spring morning, wooden fence, a low wooden cable spool on the grass. Two tiny brown-and-white baby goats spring around on stiff legs. The dog lies calmly in the middle of the grass with the owner crouched nearby, and one baby goat hops right over her outstretched front legs. Sound: tiny bleats, little hooves thumping, owner laughs "they think you're furniture". 5-10s (Spool bleat): Same goat pen, bright morning daylight, short grass. One brown-and-white baby goat jumps up onto the low wooden spool right next to the dog and bleats straight into her face. The dog leans in, sniffs its tiny nose gently, then sits back with her ears soft while the owner's hand rests on the spool. Sound: a loud tiny bleat, sniffing, hens clucking nearby. 10-15s (Tiny head bumps): Goat pen grass, late morning sun, wooden fence behind. A brown-and-white baby goat lowers its little head and gently bumps it against the dog's shoulder again and again. The dog lies still, turns to look at it, and gives one slow tail wag while the owner's hand stays close beside the goat. Sound: soft bumps, small bleats, owner says "easy, tough guy". 15-20s (Slow walk): Goat pen on the farm, bright daylight, patchy grass and a water tub. The dog walks slowly across the pen beside the owner's legs, and the two brown-and-white baby goats trot and bounce along right behind her, stopping whenever she stops. She looks back over her shoulder at them, tail wagging gently. Sound: little hooves, bleats, footsteps on grass, a breeze. 20-25s (Nap in the straw): Open goat shed in the pen, shady midday, loose straw on the ground, sunlight outside the doorway. The dog lies in the straw, and the two brown-and-white baby goats fold their legs and settle down close to her side, eyes closing. The owner's hand reaches in and gently strokes one goat's back. Sound: sleepy bleat, straw rustling, flies buzzing outside.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Hop over

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Grassy goat pen on a small farm, bright spring morning, wooden fence, a low wooden cable spool on the grass. Two tiny brown-and-white baby goats spring around on stiff legs. The dog lies calmly in the middle of the grass with the owner crouched nearby, and one baby goat hops right over her outstretched front legs. Sound: tiny bleats, little hooves thumping, owner laughs "they think you're furniture".

Clip 2 | 5-10s | Spool bleat

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Same goat pen, bright morning daylight, short grass. One brown-and-white baby goat jumps up onto the low wooden spool right next to the dog and bleats straight into her face. The dog leans in, sniffs its tiny nose gently, then sits back with her ears soft while the owner's hand rests on the spool. Sound: a loud tiny bleat, sniffing, hens clucking nearby.

Clip 3 | 10-15s | Tiny head bumps

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

Baby goats have zero respect for personal space.
She is handling it better than I would.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
