MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Waiting at the border): Sunny back garden, warm afternoon, a fenced tortoise enclosure on the lawn with a small wooden house. A medium-sized tortoise with a domed brown shell walks slowly out of its house. The dog lies outside the low wooden border, chin resting on it, and watches it come toward her one slow step at a time. Sound: birds, a lawnmower far away, owner says "here he comes, slowly". 5-10s (Nose to nose): Same tortoise enclosure, warm afternoon sunlight, short grass. The tortoise reaches the low wooden border and stretches its wrinkly neck up toward the dog. She lowers her nose very gently, and they sniff each other for a moment before the tortoise blinks and pulls its head back a little. Sound: quiet garden, the dog sniffing, owner whispers "hi friend". 10-15s (Lunch of greens): Inside the tortoise enclosure, bright afternoon light. The owner's hand places a few dandelion leaves on a flat stone, and the tortoise starts munching with slow bites. The dog leans over the border, sniffs one leaf, wrinkles her nose and turns her head away, then lies back down to watch. Sound: slow munching, owner laughs "not your thing". 15-20s (Patio bath): Back patio, sunny afternoon, grey paving stones. The tortoise sits in a shallow plastic tray of warm water while the owner's hand gently pours a little water over its shell from a cup. The dog lies next to the tray with her chin on the stones, watching closely, her tail swishing slowly. Sound: water trickling, a bird chirping, the dog's calm breathing. 20-25s (Sunbathing together): Tortoise enclosure on the lawn, late afternoon, warm sunlight. The tortoise rests on a sunny patch of grass with its legs stretched out behind it. Just outside the low border the dog lies on her side in the same patch of sun, eyes closed, her long fur moving a little in the breeze. Sound: bees, a light breeze, the dog's slow breathing.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
