The Sheep Who Follow Her

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Two black-faced sheep have decided to follow her everywhere: a walk along the wall, stopping together, a curious sniff at the gate, feed bucket time and following along the fence.

TIMELINE

0-5s	The little parade
5-10s	Stop and stare
10-15s	Sniff at the gate
15-20s	Feed bucket time
20-25s	Following along the fence

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (The little parade): Hillside sheep field, cool cloudy morning, a grey stone wall and wet grass. The dog walks slowly along the inside of the stone wall beside the owner's boots. Behind them, two woolly white sheep with black faces walk in a line, following at a short distance, heads bobbing with each step. Sound: wind, sheep bleating softly, boots in wet grass. 5-10s (Stop and stare): Same hillside field, cloudy morning light, stone wall. The dog stops and looks back over her shoulder. The two black-faced sheep stop at the same moment and stare at her, chewing. She takes one step, they take one step, and she sits down, looking up at the owner with her ears relaxed. Sound: slow chewing, a soft bleat, owner laughs "they copy you". 10-15s (Sniff at the gate): Metal gate in the corner of the sheep field, grey cloudy daylight, muddy ground. The dog lies down calmly beside the gate. The two black-faced sheep walk closer, and one stretches its neck and sniffs the long fur on her back while she stays still, looking straight ahead, the owner's legs beside her. Sound: sniffing, a curious bleat, wind on the hill. 15-20s (Feed bucket time): Sheep field by the gate, cloudy morning, damp grass. The owner shakes a blue plastic bucket of sheep nuts and tips some onto the grass. The two black-faced sheep trot over and eat. The dog sits calmly beside the owner's boots, a few steps from them, watching with her head tilted. Sound: pellets rattling, quick munching, owner says "good girl, stay". 20-25s (Following along the fence): Farm lane outside the sheep field, late morning, clouds breaking, wire fence along the lane. The dog walks slowly down the lane beside the owner's legs. On the other side of the fence, the two black-faced sheep walk along with her, keeping pace, bleating whenever she gets ahead. Sound: bleating, footsteps on gravel, birds over the field.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | The little parade

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Hillside sheep field, cool cloudy morning, a grey stone wall and wet grass. The dog walks slowly along the inside of the stone wall beside the owner's boots. Behind them, two woolly white sheep with black faces walk in a line, following at a short distance, heads bobbing with each step. Sound: wind, sheep bleating softly, boots in wet grass.

Clip 2 | 5-10s | Stop and stare

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
