Puppy and Kitten Grow Up Together

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A day in the life of two babies growing up side by side: exploring the backyard grass, sitting at the low window, playing in a crinkle tunnel, a gentle brushing and a warm nap by the heater.

TIMELINE

0-5s	Backyard exploring
5-10s	Low window watch
10-15s	Crinkle tunnel play
15-20s	Gentle brushing
20-25s	Nap by the heater

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old female long-coat black-and-tan German Shepherd puppy, extra fluffy fur, oversized paws and floppy fuzzy ears, wearing a small yellow collar. 0-5s (Backyard exploring): Small fenced backyard, mild morning with soft cloudy daylight, short patchy grass and a wooden fence. The puppy waddles across the grass sniffing everything while the young orange tabby kitten with white paws walks slowly beside her, stopping to sniff a dandelion. The owner's legs in jeans stand close by. Sound: birds chirping, grass rustling, owner says "stay close, you two". 5-10s (Low window watch): Living room, bright natural daylight through a low window with a cushioned bench. The orange tabby kitten with white paws sits on the bench cushion looking outside and the puppy props her oversized front paws on the cushion beside her, floppy ears bouncing, watching a bird on the fence outside. Sound: faint bird song outside, puppy's small whine, kitten chirping. 10-15s (Crinkle tunnel play): Living room floor, afternoon daylight, a blue fabric crinkle tunnel lying on a beige carpet. The young orange tabby kitten with white paws peeks out of one end, and the fluffy puppy pokes her nose into the other end, tail wagging. The kitten pats the tunnel and darts back inside. Sound: crinkling fabric, puppy snorting, owner giggling. 15-20s (Gentle brushing): Kitchen floor, ordinary daylight from the back door, beige tiles. The owner's hand runs a soft baby brush slowly along the puppy's fluffy back while she chews on a rubber toy. The orange tabby kitten with white paws sits next to her, waiting, then leans into the brush for her own turn. Sound: soft brushing, toy squeaking, owner says "your turn next". 20-25s (Nap by the heater): Hallway at night, ordinary ceiling light dimmed, a small radiator against a pale wall with a folded towel on the floor in front of it. The puppy lies stretched out on the towel and the young orange tabby kitten with white paws curls up between her front paws, both slowly closing their eyes. Sound: radiator ticking softly, a tiny puppy snore, gentle purr.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Backyard exploring

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old female long-coat black-and-tan German Shepherd puppy, extra fluffy fur, oversized paws and floppy fuzzy ears, wearing a small yellow collar. Small fenced backyard, mild morning with soft cloudy daylight, short patchy grass and a wooden fence. The puppy waddles across the grass sniffing everything while the young orange tabby kitten with white paws walks slowly beside her, stopping to sniff a dandelion. The owner's legs in jeans stand close by. Sound: birds chirping, grass rustling, owner says "stay close, you two".

Clip 2 | 5-10s | Low window watch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
