MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Fence hello): Side yard, light drizzle with grey daylight, a low white picket fence between two lawns. A girl about 8 with a ponytail and a yellow raincoat stands on her side with her mother nearby. The dog trots up inside her own yard and pushes her nose through the gap to sniff the girl's hand. Sound: light rain, tags jingling, girl laughs "hi!". 5-10s (Treat on a palm): Same picket fence, overcast drizzle, wet grass. The girl in the yellow raincoat with a ponytail holds out a small dog biscuit on a flat palm through the fence, her mother's hand on her shoulder. The dog takes it gently, tail wagging, and stays on her own side of the fence. Sound: crunching biscuit, drizzle on raincoat, mother says "flat hand, good". 10-15s (Leashed walk): Neighborhood sidewalk, cloudy daylight after the rain, wet pavement and parked cars. The owner's hand holds the dog's leash as she walks calmly beside the girl about 8 in a yellow raincoat with a bouncing ponytail. The girl's father walks a step behind them. Sound: footsteps on wet pavement, tags jingling, girl chatting happily. 15-20s (Front step sit): The owner's front steps, soft grey daylight, potted plants and a doormat. The dog lies on the bottom step of her own porch on a loose leash and the ponytailed girl in the yellow raincoat sits beside her stroking her fluffy neck. The girl's mother stands nearby on the path. Sound: birds after rain, soft petting, the dog's content sigh. 20-25s (Goodbye at the gate): Front gate of the owner's yard, early evening overcast light, wet lawn. The girl about 8 with a ponytail and yellow raincoat walks away holding her mother's hand and waves back. The dog sits inside the closed gate watching her go, ears up, tail sweeping the wet grass. Sound: distant car, gate latch clicking, girl calls "bye, see you tomorrow".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
