Who Is the Boss - Cat or Dog?

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The house tries to decide who is really in charge: the cat takes the dog bed, blocks a doorway and taps a tail, the dog claims the sofa, and in the end they share the bed.

TIMELINE

0-5s	Bed takeover
5-10s	Doorway block
10-15s	Tail tap
15-20s	Sofa claim
20-25s	Shared bed tie

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Bed takeover): Living room, morning daylight from a side window, a large grey dog bed on a wooden floor. An orange tabby cat with white paws and a white chest lies stretched across the dog bed. The dog sits next to it, looks at the cat, then at the camera, and lets out a small huff. Sound: quiet room, dog huff, owner asks "who's the boss here?". 5-10s (Doorway block): Kitchen doorway, ordinary daylight, beige tile floor. The orange tabby cat with white paws sits right in the middle of the doorway. The dog approaches, pauses, sniffs the cat politely and then steps carefully around her into the kitchen, tail low and wagging. Sound: claws on tiles, a quiet cat meow, owner laughing. 10-15s (Tail tap): Hallway, afternoon daylight, a runner rug on a wooden floor. The dog lies on the rug and her fluffy tail sweeps the floor. The orange tabby cat with white paws pats the tail with a white paw, claws in. The dog slowly pulls her tail in and looks over her shoulder. Sound: soft paw pats, tail swish, owner says "cat one, dog zero". 15-20s (Sofa claim): Living room, cloudy late afternoon light, a grey sofa with cushions. The dog climbs onto the sofa and lies across the middle cushion with a big sigh. The orange tabby cat with white paws sits on the floor below and stares up at her, tail flicking slowly. Sound: sofa creaking, a long dog sigh, owner chuckles "point for the dog". 20-25s (Shared bed tie): Same living room at night, ordinary warm lamp light, the grey dog bed by the sofa. The dog lies in the bed and the orange tabby cat with white paws is curled against her chest, both dozing. The owner's point of view looks down at them. Sound: soft snoring, purring, owner whispers "okay, it's a tie".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Bed takeover

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, morning daylight from a side window, a large grey dog bed on a wooden floor. An orange tabby cat with white paws and a white chest lies stretched across the dog bed. The dog sits next to it, looks at the cat, then at the camera, and lets out a small huff. Sound: quiet room, dog huff, owner asks "who's the boss here?".

Clip 2 | 5-10s | Doorway block

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Kitchen doorway, ordinary daylight, beige tile floor. The orange tabby cat with white paws sits right in the middle of the doorway. The dog approaches, pauses, sniffs the cat politely and then steps carefully around her into the kitchen, tail low and wagging. Sound: claws on tiles, a quiet cat meow, owner laughing.

Clip 3 | 10-15s | Tail tap

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
