Making Up After a Squabble

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A tiny disagreement over the sunny spot and the slow, sweet way the dog and the cat make up: a short hiss, keeping their distance, inching closer, a nose touch and lying down together.

TIMELINE

0-5s	Short hiss
5-10s	Keeping distance
10-15s	Inching closer
15-20s	Nose touch
20-25s	Lying down together

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Short hiss): Living room, bright late morning sun across a wooden floor. The dog walks into the sunny patch where an orange tabby cat with white paws and a white chest is lying. The cat gives one short harmless hiss and the dog steps back right away, ears soft, tail low. Sound: a short cat hiss, claws on wood, owner says "oops". 5-10s (Keeping distance): Same living room, sunlit floor. The dog lies down on a rug a few feet away, chin on her paws, glancing sideways at the cat. The orange tabby cat with white paws sits in the sun and licks her paw as if nothing happened. Sound: quiet room, licking, a soft dog sigh. 10-15s (Inching closer): Living room, sunny midday light. The dog shuffles forward on her belly across the rug, one paw at a time, toward the orange tabby cat with white paws, stopping each time the cat looks at her. Her fluffy tail wags slowly along the floor. Sound: soft shuffling, tail brushing the floor, owner giggling. 15-20s (Nose touch): Edge of the sunny patch on the wooden floor, warm natural daylight. The orange tabby cat with white paws leans forward and touches noses with the dog, then rubs her cheek along the dog's muzzle. The dog stays still and lowers her head. Sound: soft purring starts, owner whispers "there we go". 20-25s (Lying down together): Same sunny spot, afternoon light shifting across the floor. The dog lies stretched out in the sun and the orange tabby cat with white paws curls up against her fluffy chest. Both close their eyes. The camera stays still above them. Sound: loud purring, deep dog breathing, distant birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Short hiss

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, bright late morning sun across a wooden floor. The dog walks into the sunny patch where an orange tabby cat with white paws and a white chest is lying. The cat gives one short harmless hiss and the dog steps back right away, ears soft, tail low. Sound: a short cat hiss, claws on wood, owner says "oops".

Clip 2 | 5-10s | Keeping distance

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
