Best Friends Watch the Rain

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A rainy day watched together: at the sliding door with the cat, on the covered porch with the corgi, chin on the windowsill, puddles forming and a sleepy rug nap.

TIMELINE

0-5s	Sliding door watch
5-10s	Covered porch
10-15s	Chin on the sill
15-20s	Watching puddles
20-25s	Rainy day nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Sliding door watch): Kitchen sliding glass door, grey rainy morning light, beige tiles inside. The dog sits on the floor and an orange tabby cat with white paws and a white chest sits right beside her, both watching heavy rain bounce off the patio outside, the cat's tail curled around her paws. Sound: steady rain on glass, fridge humming, owner says "no walk yet". 5-10s (Covered porch): Covered back porch, dim rainy afternoon daylight, wet backyard beyond the railing. The dog lies on a doormat and a small Pembroke Welsh Corgi with a red-and-white coat and a blue collar sits next to her, both sniffing the damp air as rain drips from the porch roof edge. Sound: rain dripping from the roof, distant thunder, tags jingling. 10-15s (Chin on the sill): Living room window, grey rainy daylight, rain streaks on the glass. The orange tabby cat with white paws sits on the windowsill and the dog stands below with her chin resting on the sill beside the cat, both eyes following raindrops sliding down. Sound: rain tapping, soft purring, owner whispering. 15-20s (Watching puddles): Open front door with a screen door closed, overcast rain, a front path with puddles forming. The dog and the small red-and-white corgi with a blue collar stand side by side behind the screen, heads tilting as a big puddle ripples with each drop. Sound: heavy rain, gurgling gutter, corgi gives a tiny woof. 20-25s (Rainy day nap): Living room, dim rainy late afternoon with one table lamp on, a thick grey rug. The dog sleeps stretched out on the rug and the orange tabby cat with white paws is curled against her back. Rain keeps running down the window behind them. Sound: steady rain, slow breathing, a soft dog snore.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sliding door watch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Kitchen sliding glass door, grey rainy morning light, beige tiles inside. The dog sits on the floor and an orange tabby cat with white paws and a white chest sits right beside her, both watching heavy rain bounce off the patio outside, the cat's tail curled around her paws. Sound: steady rain on glass, fridge humming, owner says "no walk yet".

Clip 2 | 5-10s | Covered porch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
