Teaching the Corgi to Swim

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The dog helps the corgi learn to swim at a calm lake edge: life vests on, she wades in first, the corgi tries his first steps, a short paddle together beside the owner and a big shake on shore.

TIMELINE

0-5s	Life vests on
5-10s	She goes first
10-15s	First steps in
15-20s	Paddle together
20-25s	Shore shake

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Life vests on): Pebbly lake shore, calm sunny morning, soft natural light, still water behind. The dog stands wearing a bright orange dog life vest and a small Pembroke Welsh Corgi with a red-and-white coat and a blue collar wears a matching small orange vest. The owner's hands click the last buckle on the corgi. Sound: birds, buckle clicking, owner says "safety first". 5-10s (She goes first): Calm shallow lake edge, sunny morning, clear water over smooth pebbles. The dog in her orange life vest wades slowly in up to her chest and looks back. The red-and-white corgi in his small orange vest watches from the waterline, front paws just touching the water. Sound: gentle water splashing, soft whine from the corgi, owner encouraging. 10-15s (First steps in): Same shallow lake edge, bright daylight. The owner stands knee-deep in the water in shorts, hands low near the corgi. The red-and-white corgi in his orange life vest steps in up to his belly beside the dog, who stands close next to him in her own vest. Sound: little splashes, owner says "you've got this". 15-20s (Paddle together): Calm shallow lake water, sunny late morning, the owner standing waist-deep right beside them with one hand near the corgi's vest handle. The dog and the red-and-white corgi, both in orange life vests, paddle a few slow strokes side by side toward the owner. Sound: paddling splashes, panting, owner cheers "good job!". 20-25s (Shore shake): Pebbly lake shore, sunny daylight, a striped beach towel on the stones. Both dogs, still in orange life vests, stand on the shore and shake off, water flying from the dog's fluffy fur. The red-and-white corgi shakes too and plops down on the towel, tongue out. Sound: spraying water, panting, owner laughing "I'm soaked".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Life vests on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Pebbly lake shore, calm sunny morning, soft natural light, still water behind. The dog stands wearing a bright orange dog life vest and a small Pembroke Welsh Corgi with a red-and-white coat and a blue collar wears a matching small orange vest. The owner's hands click the last buckle on the corgi. Sound: birds, buckle clicking, owner says "safety first".

Clip 2 | 5-10s | She goes first

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
