Best Friends Photo Shoot

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Trying to get one good photo of the best friends: posing on the sofa, sitting in a leaf pile, a treat to look at the camera, the cat walking off and finally one perfect shot.

TIMELINE

0-5s	Sofa pose
5-10s	Leaf pile sit
10-15s	Treat for attention
15-20s	Cat walks off
20-25s	Perfect shot

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. 0-5s (Sofa pose): Living room, soft natural daylight from a big window, a grey sofa with a white throw blanket. The dog sits upright on the sofa and an orange tabby cat with white paws and a white chest sits next to her. The camera is the owner's point of view holding still, framing them both. Sound: owner says "okay, look here, both of you", a cat meow. 5-10s (Leaf pile sit): Backyard in autumn, cloudy daylight, a pile of orange and yellow leaves on the grass. The dog sits in front of the pile and a small Pembroke Welsh Corgi with a red-and-white coat and a blue collar sits beside her. The corgi keeps turning to sniff the leaves. Sound: leaves rustling, wind, owner saying "sit, stay, stay". 10-15s (Treat for attention): Same backyard, cloudy daylight. The owner's hand appears at the top of the frame holding a small dog treat. The dog and the red-and-white corgi with a blue collar both lock eyes on it, ears up and heads tilted at the exact same angle. Sound: treat bag rustling, owner laughs "there it is". 15-20s (Cat walks off): Living room sofa again, afternoon window daylight. The dog sits still on the sofa looking at the camera while the orange tabby cat with white paws hops down and strolls out of frame with her tail up. The dog looks after her, then back at the owner. Sound: soft thump of cat landing, owner groans "come back!". 20-25s (Perfect shot): Living room rug, evening lamp light mixed with the last daylight. The dog lies on the rug with the orange tabby cat with white paws tucked against her chest, both looking straight at the camera for one calm second before the cat yawns. Sound: quiet room, owner whispers "don't move... got it".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sofa pose

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. Living room, soft natural daylight from a big window, a grey sofa with a white throw blanket. The dog sits upright on the sofa and an orange tabby cat with white paws and a white chest sits next to her. The camera is the owner's point of view holding still, framing them both. Sound: owner says "okay, look here, both of you", a cat meow.

Clip 2 | 5-10s | Leaf pile sit

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female long-coat black-and-tan German Shepherd with a black saddle, warm tan legs, chest and face, fluffy longer fur on the ears, neck, chest and tail, gentle eyes, upright ears, wearing a bright yellow collar with a small round tag. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
